**AGREEMENT BY AND BETWEEN
CITY OF BELLINGHAM
and
Local No. 114
For the Years 2023 through 2024**

ARTICLE 1 - PREAMBLE

This agreement is between the City of Bellingham, hereinafter referred to as the City, and Local No. 114 of the American Federation of State, County and Municipal Employees, AFL-CIO, and the Washington State Council of County and City Employees, hereinafter referred to as the Union. This agreement between the aforementioned parties has been reached as the result of collective bargaining and shall be in effect for the period stated herein.

The parties acknowledge that during the negotiations which resulted in this agreement, each had the unlimited right and opportunity to make demands and proposals with respect to any subject or matter not removed by law from the area of collective bargaining, and that the understandings and agreements arrived at by the parties after the exercise of that right and opportunity are set forth in this agreement. Therefore, the City and the Union, for the life of this agreement, each voluntarily and unqualifiedly waives the right, and each agrees that the other shall not be obligated to bargain collectively with respect to any subject or matter referred to or covered in this agreement or with any subject or matter not specifically referred to or covered in this agreement even though such subject or matter may not have been within the knowledge or contemplation of either or both of the parties at the time that they negotiated or signed this agreement.

ARTICLE 2 - RECOGNITION AND BARGAINING UNIT

2.1 Unit Composition - The City recognizes the Union as the exclusive bargaining representative for all uniformed, non-exempt employees of the City of Bellingham Fire Communications Center.

Excluded from the bargaining unit are: elected officials; employees in E-Team positions; positions covered by other City bargaining units; temporary positions and

employees or non-benefited part-time positions not meeting the criteria for Union membership as stated in this document.

2.2 Definitions - The following definitions apply to the terms used in this contract:

Non-Exempt Employee: An individual in a position that is subject to the overtime provisions of the Fair Labor Standards Act (FLSA).

Full Time Employee: An employee in a position regularly scheduled to work 40-42 hours per week.

Regular Position: A position established to perform functions expected to continue for an ongoing basis.

Regularly Scheduled: Scheduled and works an average number of hours per week for a period of 12 months.

Limited Term Position: A budget-approved position established to work for at least 8 months, but no more than 2 years. Position may be extended one additional year, per policy. These positions would receive benefits as per City policy.

Probation: A trial period following appointment of an individual to a continuing position. During this period, employees do not have access to grievance arbitration as provided in Article 19.

Adjusted Start Date: The adjusted date from which an employee is considered to be in a bargaining unit position. The adjusted start date for employees who become subject to bargaining unit jurisdiction on or before the 15th day of the calendar month is the first day of that month. After the 15th day of the calendar month, the adjusted start date is the first day of the following calendar month.

2.3 This contract supersedes all previous contracts, commitments, side agreements and prevailing conditions for any right, condition or situation covered under this contract. During the life of this contract, no Union employee may voluntarily relinquish any right or condition covered by this contract nor may management request or coerce the employee to do so in any manner. No side agreement shall have any effect upon the condition described in this contract unless signed by the authorized representatives of AFSCME Local 114, AFSCME Council 2, and the City.

ARTICLE 3 - UNION MEMBERSHIP

3.1 Bargaining Unit Member - The Fire/EMS Dispatch Supervisor and all current Fire/EMS Dispatchers working at the Prospect Communications Center at the signing of this agreement shall remain Union members. Should a bargaining unit member accept a position that is either non-represented (E-Team) or represented by another City bargaining unit, such person will no longer be a member of this bargaining unit on the effective date of the appointment.

The Employer shall remain neutral when communicating with employees about Union membership and direct employees to discuss union membership with a union staff representative.

For current Union members and those who choose to join the Union, the Employer shall deduct all Union dues and fees uniformly levied and shall continue to do so for such time and on conditions set forth in the authorization for payroll deduction regardless of the employee's continued membership in the Union. The Employer shall transfer amounts deducted to Council 2. Authorization for Payroll Deduction are valid whether executed in writing or electronically.

The Employer shall honor the terms and conditions of each employee's authorization for payroll deduction. Whether an employee is a union member or not, the Employer shall continue to deduct and remit Union dues and fees to the Union until such time as the Union notifies the Employer that the dues authorization has been properly terminated in compliance with the terms of the payroll deduction authorization executed by the employees. The parties agree that this Article will be interpreted consistently with state and federal law.

3.2 Union Deduction - The City will make deductions on a regular basis from an employee's pay for regular Union dues, service fees, assessments and initiation fees upon the employee's execution of a payroll deduction authorization. The authorization for Union membership and/or dues is valid whether executed in writing or electronically.

3.3 Political Action Check-off - The City of Bellingham agrees to deduct and transmit to the Washington State Council of County and City Employees the amount specified from the wages of those employees who voluntarily authorize such contributions on forms provided for that purpose by the Union. Once an employee sets the amount of such deduction, the amount shall not be altered for a period of 12 months.

Such transmittals shall occur monthly and shall be accompanied by a list of the names of those employees for whom such deductions have been made and the amount deducted for each such employee. The City shall not be required to prepare more than one check monthly for transmittal.

3.4 Indemnification – The Union agrees to indemnify and hold the Employer harmless from all claims, demands, suits or other forms of liability that arise against the Employer for or on account of compliance with this Article.

3.5 Discrimination Clause - There shall be no discrimination by the City or the Union against any employee based on race, religion, creed, color, national origin, gender, sexual orientation, age or sensory, mental or physical disability. The parties also agree that there shall be no discrimination for membership or non-membership in the Union or for past or present Union activities.

ARTICLE 4 - MANAGEMENT'S RIGHTS CLAUSE

Any and all rights concerned with the management and operation of the City and its departments are exclusively that of the City unless otherwise provided by the terms of this agreement. The City has the authority to adopt rules for the operation of a department and conduct of its employees, provided such rules are not in conflict with the provisions of this agreement, Civil Service rules or with applicable law. The City has the right to, among other actions: discipline, temporarily lay off, demote or discharge employees; assign work and determine duties of employees; schedule hours of work; determine the number of personnel to be assigned duty at any time; and perform all other functions not otherwise expressly limited by this agreement, the provisions of the Civil Service rules or applicable laws.

ARTICLE 5 - APPLICATION OF UNIVERSAL POLICIES

Supervisors and members of the bargaining unit require clarity about which rules and policies of the City, in addition to the Collective Bargaining Agreement, apply to members of this bargaining unit. If the City proposes a Universal City Policy (applicable to all employees, including members of the bargaining unit), the City will provide the bargaining unit draft language of the policy prior to finalization. The City will provide a reasonable notice period and an opportunity to discuss permissive subjects or bargain mandatory subjects. If the bargaining unit does not request discussions, the City will implement the policy and apply to all members of the union, unless there are provisions in the Collective Bargaining Agreement that supersede or contradict. The bargaining unit relinquishes no rights to bargain on terms or conditions of employment, and the City waives no management rights by this provision. This provision does not include policies or procedures that would ordinarily not be discussed with a bargaining unit (such as Fleet and Finance policies or Purchasing procedures).

ARTICLE 6 - HOURS OF WORK AND WORKING CONDITIONS

6.1 Definitions:

Shift: Regularly scheduled continuous working hours.

Standard Shift: 12 working hours. Day shift is designated as 0630 to 1830 hours and night shift is designated as 1830 to 0630 hours.

Alternative Shift: A pattern of working hours that varies from the above, such as a shift of more or fewer hours, or one that is split.

Fire/EMS Dispatch Supervisor Shift: Scheduled 12 hour shifts designated as 0800-2000 and will align with a dispatch shift and corresponding FLSA period.

Power Shift: A shift assignment for which an additional dispatcher is scheduled to work a shift that splits the time between day and night shifts.

Day: A fixed and regularly recurring period of 24 hours used for the purpose of establishing a schedule.

Standard Day: The 24-hour period extending from 0630 to 0630 hours.

Work Week: A fixed and regularly recurring period of 7 consecutive days, for purposes of calculating Fair Labor Standards Act overtime.

Quarter: The four work periods in the year comprised of three fourteen-week periods and one ten-week work period.

Schedule: A fixed and regularly recurring combination of days and shifts worked.

6.2 Change in Work Week, Schedule or Shift

(a) Change Without Notice: If the employee is not given written notice at least 10 calendar days in advance, schedule disruption pay is due as provided in Article 16.7. The department may cancel comp time with 48 hours' notice as provided for in policy without incurring schedule disruption pay. Employees assigned to the Power Shift must be paid schedule disruption pay as provided in Article 16.7. Power Shift employees will be provided at least an eight-hour break before working the next scheduled shift. Changes to the typical power schedule must take into consideration the impact on both day and night shifts.

(b) Flextime: At the employee's request, providing there will be no adverse financial or performance cost to the City, an employee's shift may be modified. These modifications can include, but are not limited to shift start time, shift end time, and authorized break times.

(c) Alternate Work Schedule: The workweek, shift, or schedule may be changed if the department head or designee and the individual(s) involved agree to the change. If the change is initiated by the employee(s), the overtime provisions of Article 16.3 and Article 16.7 shall not apply. A schedule change for the entire work group requires agreement of two thirds of the group. If management-directed schedule changes disrupt the last of the consecutively scheduled days off, the management-directed time worked is subject to the overtime provisions of Article 16.7.

If after a period it can be shown that there is adverse impact on cost, productivity, or customer service, management may terminate these alternative work schedules with at least one month's notice to the work force. The Union may request termination of the alternative work schedule through the Labor/Management Committee process.

6.3 Travel Time - Employees shall travel to and from job sites from the regularly assigned headquarters on the City's time.

For out-of-town training required or approved by the Department, the City will pay for the time spent in training and for round-trip travel time before or after a work day, to include days off, from the work place to the training site and back, consistent with the Fair Labor Standards Act, whether a driver or a passenger.

The City may approve tuition reimbursement or payment for courses that is voluntary and outside the employee's regular schedule. Ordinarily, this training is not "hours worked" for compensation purposes.

6.4 Meal Breaks/Rest Periods

(a) No employee shall be required to work for more than 5 hours without a meal break, except when emergency conditions exist.

(b) In the event an employee is required by the City to work through his or her meal break, the City will call in additional staff in order to provide relief.

(c) The rest periods/meal breaks will be as follows:

- Thirty (30) minutes after three hours of work or as close as possible to this time.
- Thirty minutes in the middle of the shift.
- Thirty minutes after nine hours of work or as close as possible to this time.

(d) Normally, when an employee is required to work beyond his/her scheduled shift, and it is anticipated that overtime will be 2 hours or more, employees shall be allowed a 15-minute paid rest period at the end of their regular shift prior to starting the overtime assignment, and a 10 minute paid rest period every 2 hours thereafter.

If agreed with the other dispatcher(s) on the shift, and department schedule permits, dispatchers may combine part of the early and late rest periods (up to 15 minutes from each) to take a longer mid-shift meal break.

(e) The above procedures shall not in any way affect operations under emergency conditions which may necessitate missing break time completely.

6.5 Shift Schedules and Vacation Bidding - Shift schedules and vacation shall be bid in order of seniority per Article 20.1. The vacation and shift bidding sign up process shall be posted no later than November 1 for the following year's bid.

(a) Shift Schedules: Shifts shall be twelve (12) hours in length. Day shift is designated as 0630 to 1830 hours and night shift is designated as 1830 to 0630 hours. The Power Shift will typically be designated from 1030 to 2230 hours.

Shift schedules shall be bid in advance of the calendar year.

The Fire/EMS Dispatch Supervisors will work 12 hour shifts, designated as 0800hours through 2000 hours and will align with a dispatch shift and corresponding FLSA period.

(b) Vacation Bidding: Approximately one week after the completion of shift bidding, dispatchers will bid vacation days for the following calendar year. Vacation time will be bid by seniority in rounds as specified in department procedures. Selected vacation days must be taken as vacation days. Written requests to cancel selected vacation days will be reviewed on a case by case basis. Employees must have the time available in their vacation bank prior to requesting the time off.

Fire/EMS Dispatch Supervisor vacation requests shall be submitted in writing to the Communications Division Chief.

(c) Scheduling of Compensatory Time at Minimum Staffing Levels: The following applies to scheduling of compensatory time off when the Prospect Dispatch center, or any of the four regular shift schedules is running at minimum staffing levels, including any additional special event staffing, as determined in current policy. For the purposes of scheduling

compensatory time off, staffing levels of each of the four regular shift schedules will be considered individually:

- i. Employee may only request the amount of compensatory time off they have already accrued. Schedule changes must be approved by the Fire/EMS Dispatch Supervisor or Communications Division Chief during regular business hours or when they are available and on site. Regular business hours are defined as Monday through Friday from 8 AM to 5 PM excluding designated holidays.
- ii. Requests for scheduling of compensatory time off must be submitted no fewer than 14 calendar days prior to the shift being requested. The City will grant requests on a first-come basis, provided that volunteer coverage for the 12 hour overtime shift is found. All requests for compensatory time shall be approved or denied within 7 days of the request. Volunteer coverage will follow the normal overtime hiring process. Should volunteer coverage only be found for 4, 6, or 8 hours of the 12-hour shift, the employee requesting the time off has the option of only taking the partial hours or cancelling the request.
- iii. The department reserves the right to cancel scheduled compensatory time up to 48 hours before the time scheduled off is taken, except that the first two bid compensatory time days each quarter cannot be canceled, once approved.
- iv. Should the employee ask to cancel his/her scheduled compensatory time off, the Department will automatically cash out the scheduled time. Under rare circumstances and upon an employee's written request, the Fire Chief has sole discretion to allow an employee to retain the cancelled time in his/her accrued compensatory leave bank.
- v. Should the Department request that the employee work during his/her scheduled compensatory time, the employee will have the option of cashing

out the time or retaining the time in his/her accrued compensatory leave bank.

- vi. Employees may request, through the Fire Chief or their designee, to reschedule non-bid compensatory time. If the request is approved, the rescheduling of non-bid compensatory time must follow the appropriate process as outlined in 6.5(c).
- vii. Additional staffing hired for special events will not be part of minimum staffing for the purpose of granting compensatory time.

(d) Scheduling of Compensatory Time Above Minimum Staffing Levels: The following applies to scheduling of compensatory time off when the Prospect Dispatch center, or any of the four regular shift schedules is running **above** minimum staffing levels, including any additional special event staffing, as determined in current policy. For the purposes of scheduling compensatory time off, staffing levels on each of the four regular shift schedules will be considered individually:

- i. Employee may only request the amount of compensatory time off they have already accrued. Schedule changes must be approved by the Fire/EMS Dispatch Supervisor or Communications Division Chief during regular business hours or when they are available and on site. Regular business hours are defined as Monday through Friday from 8 AM to 5 PM excluding designated holidays
- ii. Requests for scheduling of compensatory time off submitted no fewer than 14 calendar days prior to the shift being requested shall be considered "protected" time off. All requests for compensatory time shall be approved or denied within 7 days of the request.
 - The City will grant requests on a first-come basis. The department reserves the right to cancel scheduled compensatory time up to 48 hours before the time scheduled off is taken, except that the first two bid compensatory time days each quarter cannot be cancelled, once approved.

- iii. Requests for compensatory time off submitted fewer than 14 calendar days prior to the shift being requested can be approved by the Fire/EMS Dispatch Supervisor, Division Chief, or Lead Worker pending verification of staffing levels. The request will not be "protected" and may be cancelled at the city's discretion at any time.
- iv. Should the employee ask to cancel his/her scheduled compensatory time off, the Department will automatically cash out the scheduled time. Under rare circumstances and upon an employee's written request, the Fire Chief has sole discretion to allow an employee to retain the cancelled time in his/her accrued compensatory leave bank.
- v. Should the Department request that the employee work during his/her scheduled compensatory time, the employee will have the option of cashing out the time or retaining the time in his/her accrued compensatory leave bank.
- vi. Employees may request, through the Fire Chief or their designee, to reschedule non-bid compensatory time. If the request is approved, the rescheduling of non-bid compensatory time must follow the appropriate process as outlined in 6.5(c).
- vii. Additional staffing hired for special events will not be part of minimum staffing for the purpose of granting compensatory time.

(e) Voluntary Exchanges of Time

- i. An employee shall have the right to exchange a workday (Shift) or a partial workday with another employee upon their mutual agreement, subject to the approval of the Fire/EMS Dispatch Supervisor, Lead Worker, Division Chief or designee.
- ii. Approval of the employee's request shall not be unreasonably withheld, provided that:

- Shift exchanges resulting in more than 21 consecutive days off, including vacation days, require approval by the Fire Chief or designee.
- Shift exchanges shall not result in any additional cost to the City.
- Shift exchanges shall not interfere with Department operations.
- Shift exchanges shall be conducted in accordance with Department policies and procedures.

iii. Leaves While on Exchange

- An employee who cannot work an approved exchange of time because of illness or injury shall reimburse the City from the sick leave accrual bank at the rate required for replacement personnel.
- An employee who is approved to work an exchange may, with management approval, use leave to take time off.

6.6 Uniform Allowance - The City will purchase uniform shirts. Employees shall receive a taxable clothing allowance each calendar year to privately purchase their own uniform pants. The uniform pants allowance will be issued by the last day of the February pay period. Effective upon ratification of this Agreement, the uniform pants allowance shall be \$96 each calendar year. Newly hired employees will receive the allowance within sixty (60) days of hire. The City will not pay for alterations of privately purchased uniform pants. All clothing must meet department standards.

ARTICLE 7 - SAFETY

7.1 Hazardous Conditions - If an employee reasonably believes a working condition to which he or she is exposed poses an unreasonable risk of harm to the employee or others, the employee will stop working, immediately notify a supervisor of the condition and may report the condition to a Union representative. The Union representative may request and perform a prompt inspection of the condition, together with a representative of the City. The inspection shall be performed at a time and in a manner that will minimize disruption to the City's activities. After consideration of the Union representative's recommendation, the City shall then determine whether any hazard abatement or other action is required before

requiring the employee to return to the condition called into question. No employee shall be disciplined for reporting a hazard or requesting an inspection pursuant to this provision.

7.2 Safety Gear - When safety gear is required by the City, it shall be provided or fully paid for by the City.

7.3 Safety Policies - The City and all employees shall comply with WISHA regulations and City policies and rules related thereto. The City and the Union will work together to assure that such standards are met.

ARTICLE 8 - CLASSIFICATION AND JOB DESCRIPTION

8.1 Classification Plan - An employee position classification plan is to be established and maintained by the Human Resources Department for all positions within the jurisdiction of Local 114. This will include a documented, written job description and/or classification specification for each position, a copy of which shall be provided to Local 114.

8.2 Change in Classification - If an employee's job is reclassified to a position that would normally receive a lesser rate of pay, or if an employee is required to serve in a lower classification, that employee's previous rate of pay shall be continued until exceeded by the new classification's pay rate.

The City will provide the Union with a copy of the job description when a new position is created or an existing position is revised. If the City believes the position should be excluded from the bargaining unit, the City shall notify the Union. If the Union takes exception to the position being given such status, it shall notify the Human Resources Manager within 10 working days from the receipt of the job description. If thereafter, the parties cannot reach agreement in regard to the status of the position, the matter shall be referred to the Public Employment Relations Commission (PERC) for resolution.

The City may, at its discretion, fill such new or vacant position prior to PERC's determination. In the event PERC upholds the Union's position, the position shall be immediately placed in the Local 114 bargaining unit.

8.3 New Classification - The City will notify the Union when a new classification is created. If the Union disagrees with the proposed pay rate, the Union will notify the City and negotiations will commence not later than 30 working days from the date of the notice.

ARTICLE 9 - JOB AUDIT

9.1 A job audit may be requested when there has been a substantial and permanent change in the duties and responsibilities since the last significant revision of a job description or last job audit review. The employee may request the review. The request should be submitted using the appropriate form with a justification for the request that includes the following information:

(a) New duties and responsibilities assigned on a continuing basis must be identified. Other inaccuracies in the job description must be specifically pointed out. If the job description does not reflect essential and significant duties assigned on a regular and recurring basis, the employee must clearly identify those duties.

(b) The reasons for believing the job may be classified incorrectly should be clearly stated.

9.2 The department head or designee will review the job audit request form and discuss it with the employee. The department head will complete his/her section of the job audit request form to ensure the description is accurate and up to date. A copy of the comments will be provided to the employee. The department head will forward the job audit request form to the Human Resources Manager within thirty days of receipt from the employee.

9.3 The Human Resources Manager or designee will review the request and make a determination if a new job description is necessary and/or if the job is accurately classified. The review may include a desk audit or discussion with the employee and the supervisor and/or department head.

9.4 The Human Resource Manager's decision, with an explanation of the findings, will be provided to the employee and the department head within five months of the date the complete audit request was submitted to the Human Resources Department. If the decision supports reclassification which results in an upgrade, the pay action will be effective the date the request was received in the Human Resources Department. If the decision is to downgrade the position, the employee will retain pay but will not receive any further increases until the incumbent's pay is within the salary range for the reclassified position.

9.5 An employee may appeal the classification decision of the Human Resources Manager to the Bellingham Civil Service Commission.

9.6 At any time in this process, if it is found that the employee is being assigned or performing higher grade duties which change the grade of the position, such duties may be withdrawn based on budgetary limitations or sound position management principles. If the decision is to continue to assign the duties to the employee, the position description will be revised to reflect the duties and appropriate changes in the classification will be effected.

ARTICLE 10 - WASHINGTON STATE PAID SICK LEAVE

10.1 The City will provide paid sick leave in accordance with the Washington State Sick Leave Law. The parties will bargain a sick leave policy during the term of this agreement. Contract Sick leave will be accrued at 8 hours per month MINUS the state sick leave accrual for the same month period. Eg: accrual of 3 hours of state sick leave will result in 5 hours contract leave and accrual of 5 hours of state leave will result in 3 hours of contract leave. At the end of each calendar year, up to 40 hours of state sick leave will be rolled over per the law. Any remaining hours in the state sick leave bank will be removed. An equivalent number of contract sick leave hours will be placed in the contract sick leave bank.

10.2 Washington State Sick Leave Bank Cascade – Washington State sick leave requested in excess of the accrued leave balance available will default in the following order and draw down available balances until the request is filled or until no paid leave time is available and will then revert to leave without pay (LWOP):

1. Contract Sick Leave
2. Compensatory time

3. Vacation
4. Leave without pay (LWOP)

ARTICLE 11 - CONTRACT SICK LEAVE

11.1 Contract Sick Leave Accrual - Benefits eligible employees accrue up to 8 hours contract sick leave, calculated in conjunction with Washington State paid sick leave, for every calendar month they are in paid status for 120 hours or more, beginning with their adjusted start date:

A maximum of 1040 hours of contract sick leave may be accumulated.

11.2 Use of Sick Leave – Contract sick leave may be requested and shall be approved for the following reasons:

- employee's illness;
- medical, dental, or vision appointments in accordance with Article 11.3;
- to care for:
 - a child of the employee with a health condition that requires treatment or supervision; or
 - a spouse*, parent, parent-in-law, or grandparent of the employee who has a serious health condition or an emergency condition;
- the employee's physical or mental incapacity to such an extent that the employee is unable to perform the duties of their position, unless released by their physician for light duty
- Enforced quarantine in accordance with certain health regulations

*For purposes of this article, the term "spouse" shall also include any Washington State Registered Domestic Partner.

Accrued contract sick leave is accrued during a calendar month, and may be used in the following month after it is accrued.

11.3 Approval of Contract Sick Leave Requests – When possible, an employee shall notify the department two hours prior to the start of each shift that he or she is unable to

report for duty and the reasons for sick leave. Failure to do so may be cause for denial of contract sick leave pay. Disciplinary action may result from an unauthorized absence. Except in rare situations, employees will not schedule medical, or vision appointments during scheduled work time. Use of contract sick leave for such appointments requires written authorization of the Fire Chief. Where serious medical conditions exist, the Fire Chief may grant "blanket" authority to an employee for scheduling of appointments during scheduled shifts. The employee will notify the Communications Division Chief at the time the appointment is scheduled.

11.4 Medical Certification - Employees requesting approval of more than 3 days contract sick leave may be required to provide their department head with a doctor's statement which supports the necessity for the absence. Failure to submit such documentation, when requested, may result in disciplinary action for unauthorized absence.

11.5 Contract Sick Leave Bank Cascade – Contract sick leave requested in excess of the accrued leave balance available will default in the following order and draw down available balances until the request is filled or until no paid leave time is available and will then revert to leave without pay (LWOP):

1. Compensatory time
2. Vacation
3. Leave without pay (LWOP)

11.6 Sick Leave Cash Out – Effective 1/1/2023, a sick leave cash out program is established as follows:

- With a contract sick leave accrual bank of over 520 hours on December 15, the employee may cash out 24 hours.

Cash out will be paid at the hourly rate as identified in Appendix A in effect on December 31 of the current calendar year. The employee's contract sick leave bank balance will be reduced by the amount of leave cashed out.

There shall be no sick leave cash out upon separation or retirement unless such separation or retirement coincides with the December 15 cash out period described above.

ARTICLE 12 - OTHER LEAVE

12.1 Bereavement Leave - In the event of a death in the immediate family of an employee, that employee shall be granted time off with pay to attend the funeral or otherwise discharge family obligations, as follows:

- Up to three days for one way within 150 miles of Bellingham.
- Up to three additional days with pay may be granted if it is necessary to travel a greater distance than provided above, at the discretion of the department head.

For the purposes of this article, immediate family shall be defined as follows:

- Spouse* and children of employee;
- grandchildren of employee;
- mother, father, brother, sister of employee;
- mother, father of employee's spouse;
- grandparents;
- grandparents of spouse;
- grandchildren of spouse; and
- any other family member or friend at the discretion of the department head.

*For purposes of this article, the term "spouse" shall also include any Washington State Registered Domestic Partner.

12.2 Compassionate Leave - Employees who suffer an extended serious illness or injury and who have exhausted their accrued leaves (vacation, compensatory time, contract sick leave, etc.) may be eligible for the compassionate leave donation program set forth in City Policy PER 07.01.08. COMPASSIONATE LEAVE DONATION PROGRAM.

12.3 Dental Leave – Recognizing that preventive dental care is important to maintain good oral health, employees who are covered by and enrolled in the City sponsored dental plan

are eligible for dental leave of up to three hours per calendar year. Dental leave must be used in a single increment up to the limit of three hours.

12.4 Jury Duty – An employee receiving a summons to jury duty will notify their supervisor as soon as possible, but no later than ten (10) working days before the jury duty report date.

The employee will receive regular wages and benefits for the term of the jury duty. If necessary, the City will adjust the employee's work schedule to modified day shift hours for the duration of the jury duty term (Article 6.2 shall not apply). An employee released from jury duty during their modified day shift hours shall report to the supervisor for the remainder of their shift. With approval of the supervisor, the employee may elect to take vacation leave or compensatory time for the remainder of the shift.

There must be a minimum of 12 hours from the end of the jury duty term to the resumption of the pre-jury duty work schedule. Hours missed for this reason will be credited as jury duty. The employee may return in less than 12 hours by mutual agreement between the employee and the supervisor (Article 6.2 shall not apply). If the completion of the jury duty term occurs prior to the end of the employee's modified schedule, the employee may opt to return to their regularly scheduled shift with the agreement of the supervisor. In the event that the employee does not reach their normally scheduled hours, they may continue to work the modified jury duty schedule, use leave time, or work with the supervisor to assign work hours to fill the remainder of their regularly scheduled work week.

In the event that jury duty occurs while an employee is on leave time, the employee will have the option to reschedule or cancel their leave.

For employees choosing a High Deductible Health Plan (HDHP) with Health Savings Account (HSA), the City will apply the difference between the HDHP plan premium and the Maximum Monthly Employer Contribution to the employee's HSA account. member and one (1) alternate. Other members are appointed by the City and other bargaining units.

The Committee will research increasing health care costs, as well as plan design and potential options for health care program delivery in an effort to control health care costs in a manner mutually beneficial to employees and the City. The Committee will have the authority to recommend changes to the plans offered by the City. The City will work with a third-party benefits broker to evaluate feasibility of the recommendations and report back to the Committee. The City recognizes the recommended changes may require ratification by the members. The recommended changes must apply to all participating bargaining units to be implemented.

- Effective January 1, 2023, 7% (3% COLA and 4% market adjustment).
- Effective January 1, 2024, 3.0%.

16.2 Step Increases - Full-time employees in continuing positions shall be eligible for step increases as indicated in Appendix A on the anniversary of their adjusted start date in the Prospect classification.

16.3 Overtime - Because the Prospect dispatch schedule results in a 42 hour work week, bargaining unit members will be paid at the overtime rate for the 41/42 hours in any week with 40 hours of compensation that includes at least 2 hours of work time. Employees may not hold the 41/42 worked hours for use as compensatory time off. (Example: Employee works 24 hours and is out on vacation for 18 hours. The employee would be paid at straight time for 40 hours and receive overtime for the 41/42 hours).

- When there is no worked time for an entire pay period, the employee does not need to account for more than 40 hours per work week.
- Overtime shall be paid for work in excess of 12 hours per day, rather than in excess of eight hours per day.
- Fire/EMS Dispatch Supervisor duties include both console and non-console time. The Fire/EMS Dispatch Supervisor shall receive overtime for time worked exceeding 12 hours per day unless flex time was requested and approved in advance.
- The Fire/EMS Dispatch Supervisor position falls under the paged overtime rotation and is eligible for voluntary or mandated overtime shifts. The Fire/EMS Dispatch Supervisor will be paid at the appropriate contractual overtime rate when volunteering to cover paged overtime, or when mandated.
- Work performed on scheduled days off shall be paid at the regular overtime rate, except that work performed on the last scheduled day off shall be paid at double time. Double time on the last day off shall not apply when an employee is scheduled at least five (5) calendar days in advance for trainings or meetings. Note: Overtime rates shall not apply when an employee voluntarily exchanges

shifts with another employee. The Fire/EMS Dispatch Supervisor position shall not receive overtime for work performed on scheduled days off, except per Article 6.2(c) and FLSA.

(a) In the event the City deems it necessary to assign overtime, the employee shall be given reasonable notice. The City shall not be obligated to provide such notice where an emergency condition exists or the employer's ability to maintain a full operation is impaired as a result of employee illness or unforeseen circumstances. The City shall make a reasonable effort to assign overtime changes first on a voluntary basis. In the event no qualified employee volunteers for the overtime, the appropriate supervisor shall make a reasonable effort to take into consideration previous commitments of the employees in making the overtime assignment.

(b) An employee who elects to designate earned overtime as compensatory time may accumulate a total maximum bank of 96 straight hours. All accumulated hours over 96 hours will be automatically paid as overtime pay.

Employees may request pay for accrued compensatory time whenever they wish, and it will be paid at the next regular pay period. Requests for payouts must be for a minimum of four hours, unless the employee has less than four hours in which case all compensatory time will be paid out.

(c) All accumulated hours over 96 hours will be automatically paid as overtime pay. Employees may request special consideration to increase the banked time to 144 straight hours for the purpose of a planned and scheduled medical leave, such as maternity leave or planned surgery. Such special requests will be submitted in writing to the employee's supervisor and will be considered on a case by case basis. Once the condition prompting the special request no longer applies, the bank limit will return to 96 with any hours over 96 cashed out.

(d) Employees with an accumulated compensatory time bank of at least 12 hours may request to schedule the compensatory time off by submitting the request in writing to their supervisor.

(e) The City will grant the requests on a first-come basis, provided that volunteer coverage for the 12 hour overtime shift is found and it does not constitute an undue hardship. Volunteer coverage will follow the normal overtime hiring process, but no volunteer for compensatory time coverage shall be compensated at a double time rate allowed in Article 16.3. Should volunteer coverage only be found for 6 hours of the 12-hour shift, the employee requesting the time off has the option of only taking the 6 hours or canceling the request.

(f) When a bargaining unit member volunteers to work overtime to cover for another member utilizing compensatory time off, the covering member shall be paid at the overtime rate of time and one half (1 & ½). No double time rate of pay shall be applicable. Such overtime shall be compensated in pay only and cannot be banked as future compensatory time off. In the event a member is on approved compensatory time off and another calls in for an unscheduled leave, this section would not apply to the member filling this unscheduled leave.

Examples of circumstances that constitute an undue hardship include (but are not limited to):

- Mandatory overtime
- Double time pay
- A request that will bring the Dispatch Center below minimum staffing on a fully staffed shift team
- Short term illness that have already generated additional overtime
- Total staffing levels that are two or more below the budgeted number of positions

The requirement to pay a volunteer at the overtime rate of 1.5 shall not constitute an undue hardship.

g) Calculation of Overtime (Effective March 1, 2023)

- ii. The City will calculate non-FLSA, contractual overtime compensation in compliance with the terms of this Agreement using an Augmented Rate of Pay (as distinguished from FLSA - mandated overtime compensation). Employees shall be paid actual time, at the applicable overtime rate, when returning on scheduled days off for meetings and training sessions.

Dispatchers working any other hours than the above designated shifts will receive \$1.00 per hour shift differential for any hours worked between 1830 and 0630. No differential is earned for hours worked between 0630 and 1830. No shift differential shall be paid for any period of time for which the overtime rate is being paid except as required by the Fair Labor Standards Act.

16.7 Schedule Disruption Pay - Employees who have their shift or schedule modified under Article 6.2 (a) will receive premium pay of 50 percent of base pay for the first day of the new shift or schedule. The remainder of the days will be paid at the rate they would have earned had the change not taken place.

The training pay will conclude when the Dispatcher in Training is assigned to another trainer or is promoted to Fire/EMS Dispatcher. The Fire/EMS Dispatch Supervisor position is not eligible for Training Pay.

the shift. Other employees will be expected to participate in training activities as provided for in the job description without additional pay.

(c) When trainers are needed, interested employees may submit a letter to the Communication Division Chief, requesting to be considered for this assignment. The communications Division Chief, in consultation with the Assistant Chief, will select the trainers based on the letter of interest unless otherwise agreed to by the parties.

(d) Up to three trainers may rotate through the training assignment to provide training consistent with the goals and objectives of the training program as approved by the Communications Division Chief. The department will provide an overall training plan that the trainers will be expected to follow. If the grievance is not resolved at Step 2, the Union may submit a written request for mediation to the Human Resources Manager within 15 days of the department head's reply or within 30 days of the submission of the grievance to the department head. If the Union and the Human Resources Manager agree, a mediator will be jointly selected. Efforts will be made to acquire no-cost mediation services.

The Union may bypass Step 3 and proceed to arbitration by presenting a written request to the Human Resources Manager within 15 days of receipt of the decision at Step 2, or within 15 days of the completion of mediation.

Step 4: Arbitration
