

FAIRHAVEN NEIGHBORHOOD AND URBAN VILLAGE PLANNING

5/25/11 Meeting #3: Public Input Exercise

Fairhaven Design Review – What works and what doesn't?

STATION 1. CORE AREA – including National Historic District (lavender zone on map)

Look at the historic Primary and Secondary buildings in the Core Area, and the buildings that have been constructed since 1989 under Design Review.

- 1) What features, forms and materials and do you think work best for new construction in the “Core” and National Historic District area?

- 2) What has not worked?

- 3) Do you think the “Core” and National Historic District should be subject to design review?
 - a) Should historic preservation considerations be included in the design review for this area?

STATION 2. *INFLUENCE AREA* (orange zone on map)

Look at the existing buildings in the “Influence” area, and the buildings that have been constructed since 1989 under Design Review.

- 1) What features, forms, and materials do you think work best in the “Influence” area?

- 2) What has not worked?

- 3) If the commercial core was extended down Harris Avenue, what visual design cues should be drawn upon for new construction?

- 4) Do you think the “Influence” area should be subject to design review?
 - a) Should it be a different type of review than the Core Historic District?

 - b) If yes, how so?
