Docketing Application
Park, Recreation and Open Space Plan (PRO Plan) Update, Ch. 7 of the
Comprehensive Plan

The proposal meets the following docketing criteria:

a. The proposed amendment represents an issue appropriately addressed in the comprehensive plan or in a neighborhood plan;

The City has included a Park, Recreation and Open Space chapter in its comprehensive plan for a number of years. The proposal will update Chapter 7 of the City's Comprehensive Plan

b. The proposal demonstrates strong potential to serve the public interest by implementing specifically identified goals and policies of the comprehensive plan;

The PRO Plan identifies community goals and policies related to parks, trails, recreation programs and open space.

c. The public interest would be best served by considering the proposal in the next amendment cycle, rather than delaying consideration to a future plan update process;

Public demand for park and recreation facilities can be partially met through grant funding. The Washington State Recreation and Conservation Office requires agency park plans be updated every 6 years to remain eligible for grants under the following programs:

- Boating Facilities Program (BFP)
- Federally funded Land and Water Conservation Fund LWCF)
- Washington Wildlife and Recreation Program (WWRP) including local parks, trails, water access and funding for Critical Habitat, Natural Areas, Riparian Protection, and Urban Wildlife Habitat

The City's plan must be updated by March 3, 2014 to be eligible for grants in the following state budget biennium.

d. The amendment addresses changing circumstances, changing community values, or corrects or updates information in the comprehensive plan or a neighborhood plan;

The PRO Plan is based on providing services to the community as population increases. Population projection numbers have changed since the plan was last updated.

e. State law requires, or a decision of a court or administrative agency has directed a change to the comprehensive plan or a neighborhood plan.

WAC 286-13-040 provides that agencies are eligible to submit applications under the specified grant programs for a period of up to six years after plan adoption.

Subject: Comprehensive Plan Amendment Request; Park, Recreation and Open Space Chapter

Jeff:

This letter serves as a request for a non-site specific amendment to the City of Bellingham's Comprehensive Plan for consideration beginning in 2013 as a result of a proposed update to the Park, Recreation and Open Space Plan.

The Washington Recreation and Conservation Office is an agency that administers grants through the Washington Wildlife and Recreation Program, Land and Water Conservation Funds and Boating Facilities Program. One of the conditions of eligibility for these programs is development and adoption of a park, recreation and open space plan every 6 years. Because the City of Bellingham has been awarded a number of grants through these programs, which has helped facilitate implementation of our park capital facility program, it is prudent to remain current in this effort. The City last updated its park plan in 2008 and our eligibility will expire in March 2014.

The Parks and Recreation Department is in the process of updating this plan, which is also an element of the City's comprehensive plan. An update of the park plan will necessitate an amendment to the comprehensive plan. We anticipate having a draft plan available for Planning Commission review by September 1, 2013. Changes to the park chapter of the plan will also affect the Capital Facilities Plan chapter and possibly other sections of the comprehensive Plan.

Sincerely,

A handwritten signature in blue ink that reads "James King".
