RE: 2013-2014 Comprehensive / Neighborhood Plan Amendment Docket Application

The Planning and Community Development Department has identified three neighborhood plan "clean-up" amendments that should be included in the 2013-14 docket. Two of the clean-ups are the result of quasi-judicial rezones that were previously approved by the City Council and the third is also a quasi-judicial rezone that the Planning Commission and City Council will review during the first half of 2013.

- 1) Samish Neighborhood - In June 2007, the City Council approved a rezone that created a new Area 5A on the Samish Neighborhood zoning map and in the zoning table. The "clean-up" will create a narrative for Area 5A in the plan as well as amend the Comprehensive Plan Land Use Designation Map showing the new Area 5A.
- 2) Happy Valley Neighborhood - In March 2010, the City Council approved a rezone that created a new Area 5A on the Happy Valley Neighborhood zoning map and in the zoning table. The "clean-up" will create a narrative for Area 5A in the plan as well as amend the Comprehensive Plan Land Use Designation Map showing the new Area 5A.
- 3) Cordata Neighborhood - During the first half of 2013 the Planning Commission and City Council will consider a rezone request that will create a new Area 17A. If the proposal is approved, a new narrative will be needed in the plan as well as amendments to the Comprehensive Plan Land Use Designation Map. These amendments will be not be required if the City Council does not approve the rezone in 2013.

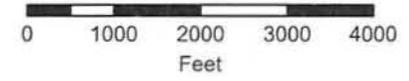

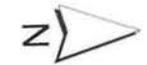

All three proposals meet the Annual Docketing Criteria as stipulated in the Bellingham Municipal Code (BMC) and will, *"corrects or updates information in the comprehensive plan or a neighborhood plan..."* (BMC 20.20.030 A (2)d.) The amendments are minor clean-ups resulting from City Council actions and will ensure consistency between the official zoning map, the neighborhood plans and land use designation maps.
