Hi Kathy, Steve,

I am writing in regards to the RFI issued on August 14th, 2024 for The Woods at Viewcrest project application (lead permit SUB2022-0011). The 120 day response period for this RFI expires on or around December 14th, 2024. I would like to formally request an extension on this RFI response period pursuant to BMC 21.10.080. The RFI resulted in the need to respond to a significant volume of public comment, including reports submitted by hired consultants and attorneys, in addition to City comments. We are working diligently to address the RFI and resubmit a complete response prior to the deadline, however we are still finalizing some sub-consultant items, and we may not be ready to fully respond by the deadline. I would like to request a short extension on the response. Would the City support a 1 month extension, through January 14th? We will still work to submit prior to the Dec 14th deadline, but would appreciate the extra time with the holiday approaching.

Please let me know, thank you,

Ali
