**COLLECTIVE BARGAINING AGREEMENT
BY AND BETWEEN CITY OF BELLINGHAM
and
GUILD OF PACIFIC NORTHWEST EMPLOYEES LOCAL 1937
For JANUARY 1, 2024– DECEMBER 31, 2025**

ARTICLE 1 - PREAMBLE

This Collective Bargaining Agreement (“Agreement”) is between the City of Bellingham, hereinafter referred to as the City, and Guild of Pacific Northwest Employees Local 1937, hereinafter referred to as the Union. This agreement between the aforementioned parties has been reached as the result of collective bargaining and will be in effect for the period stated herein. The officials executing this agreement on behalf of the City and the Union are acting under the authority of RCW 41.56 to collectively bargain on behalf of the organizations which they represent.

ARTICLE 2 - RECOGNITION AND BARGAINING UNIT

The City recognizes the Union as the exclusive bargaining representative for all non-uniformed, non-exempt employees of the City of Bellingham in the following positions:

- Regular Full-Time and Part-Time Employees;

- Employees in Eight to Nine Month Seasonal Positions; and
- Employees in Six Month Seasonal Positions and Regular Non-Benefited Positions who have completed 1040 hours working an average of at least 12 hours per week, on an annual basis, during the 12 months preceding attainment of the 1040 hour threshold.

Excluded from the bargaining unit are: elected officials; employees in Schedule E positions; positions covered by other City bargaining units; temporary, part-time, or seasonal positions not meeting the criteria for Union membership as stated above.

2.2 Definitions

The following definitions apply to the terms used in this contract:

- 24 hours of Paid Time Off (prorated for Aquatic Invasive Species Prevention Program Staff based on the number of worked hours) at the beginning of their returning six month season, or first of the month following union eligibility.
 - Paid Time Off will be cashed out at the end of the season, if not already used.

(These positions will not be used to replace regular budgeted positions.) These positions do not receive benefits, except as required by law.

An individual may work up to a total maximum of 7 months for the following reasons:

- When filling in for an employee on an extended medical absence;
- To meet a special project need of limited scope and duration;

in off-season status and intending to return the next season.

Actual Holiday: The actual event's anniversary date.

Observed Holiday: When the City observes a holiday.

2.3 New Position Creation

In the event a new position is created or an existing position is revised, which the City believes should be excluded from the bargaining unit, the City will notify the Union and provide the Union with a copy of the job description. If the Union takes exception to the position being given such status, it will notify the Human Resources Manager within 10 working days from the receipt of the job description. If thereafter, the parties cannot reach agreement in regard to the status of the position, the matter will be referred to the Public Employment Relations Commission (PERC) for resolution.

The City may, at its discretion, fill such new or vacant position prior to PERC's determination. In the event PERC upholds the Union's position, the position will be immediately placed in the Local 1937 bargaining unit.

2.4 Temporary Labor / Agency Workers

The City agrees not to use temporary workers or agency workers to supplant bargaining unit work unless there is a Labor/Management Committee agreement on the use of such workers. The City also agrees not to use temporary workers or agency workers to perform work for which any former bargaining unit member who is on layoff is willing and qualified to perform. The Labor Management Committee will establish a procedure to contact and to identify the interests and skills of bargaining unit members who are interested in temporary assignments. The City will endeavor to communicate to the Union President to the best of its ability when a temporary or agency worker is performing bargaining unit work and the reason for the assignment.

2.5 Contract

This contract supersedes all previous contracts, commitments, side agreements and prevailing conditions for any right, condition or situation covered under this contract. During the life of this contract, no Union employee may voluntarily relinquish any right or condition covered by this contract nor may management request or coerce the employee to do so in any manner. No side agreement will have any effect upon the condition described in this contract unless signed by the authorized representatives of Local 1937 and the City.

ARTICLE 3 - UNION MEMBERSHIP

3.1 Union Deduction

The City will make a single, monthly deduction from the second pay period of the month, from an employee's pay for regular Union dues, service fees, and assessments upon the employee's execution of a payroll deduction authorization. The authorization for Union membership and/or dues is valid whether executed in writing or electronically. Union will provide amount of deductions and effective dates to the City.

3.2 New Employees

The City shall provide Local 1937 representatives reasonable access to new employees of the bargaining unit for the purposes of presenting information about their exclusive bargaining representative to the new employee. The presentation may occur during a new employee orientation provided by the employer, or at another time mutually agreed to by the City and Local 1937.

No employee may be mandated to attend the meetings or presentations by Local 1937 or the exclusive bargaining representative. The access occurs during the new employee's regular work hours at the employee's regular worksite, or at a location mutually agreed to by the employer and the exclusive bargaining representative.

3.3 Indemnification

The Union agrees to indemnify and hold the Employer harmless from all claims, demands, suits or other forms of liability that arise against the Employer on account of compliance with this article.

ARTICLE 4 - MANAGEMENT'S RIGHTS CLAUSE

Any and all rights concerned with the management and operation of the City and its departments are exclusively that of the City unless otherwise provided by the terms of this agreement. The City has the authority to adopt rules for the operation of a department and conduct of its employees, provided such rules are not in conflict with the provisions of this agreement, Civil Service rules or with applicable law. The City has the right to, among other actions: discipline, temporarily lay off or discharge employees; assign work and determine duties of employees; schedule hours of work; determine the number of personnel to be assigned duty at any time; and perform all other functions not otherwise expressly limited by this agreement, the provisions of the Civil Service rules or applicable laws.

ARTICLE 5 - APPLICATION OF UNIVERSAL POLICIES

Supervisors and members of the bargaining unit require clarity about which rules and policies of

the City, in addition to the Collective Bargaining Agreement, apply to members of this bargaining unit. If the City proposes a Universal City Policy (applicable to all employees, including members of the bargaining unit), the City will provide the bargaining unit draft language of the policy prior to finalization. The City will provide a reasonable notice period and an opportunity to discuss permissive subjects or bargain mandatory subjects. If the bargaining unit does not request discussions, the City will implement the policy and apply to all members of the union, unless there are provisions in the Collective Bargaining Agreement that supersede or contradict. Except as otherwise provided above, the bargaining unit relinquishes no rights to bargain on terms or conditions of employment, and the City waives no management rights by this provision.

This provision does not include policies or procedures that would ordinarily not be discussed with a bargaining unit (such as Fleet and Finance policies or Purchasing procedures).

ARTICLE 6 - HOURS OF WORK AND WORKING CONDITIONS

6.1 Definitions

Shift: Regularly scheduled continuous working hours, exclusive of meal breaks.

Standard Shift: Eight working hours per day.

Alternative Shift: A pattern of working hours that varies from the above, such as a shift of more or fewer hours, or one that is split.

Shift Work: Positions that are scheduled for multiple shifts in a 24-hour period.

Day: A fixed and regularly recurring period of 24 hours used for the purpose of establishing a schedule.

Standard Day: The 24-hour period extending from 12 midnight to 12 midnight.

Alternative Day: A 24-hour period extending from a time other than 12 midnight to 12 midnight, e.g., 12 noon to 12 noon.

Work Week: A fixed and regularly recurring period of 7 consecutive days used for the purpose of establishing a schedule.

Standard Work Week: The 7-day period Sunday through Saturday.

Alternative Work Week: A 7-day period other than Sunday through Saturday, e.g., Tuesday through Monday.

Schedule: A fixed and regularly recurring combination of days and shifts worked, and days for

the established workweek.

Standard Schedule: The 5 shifts falling on Monday through Friday with the 2 days off being Saturday and Sunday.

Alternative Schedule: Hours worked and days off for the established work week that varies from the above, e.g., four ten-hour shifts worked Tuesday through Friday with Saturday, Sunday, and Monday off.

City Hall Work Day: A day City Hall is normally scheduled to be open for business. Unanticipated closing due to weather or other unforeseen circumstances will count as a normally scheduled day.

6.2 Change in Work Week, Schedule or Shift

a) Change With Notice:

The employee is given a written notice at least 21 calendar days in advance. If requested, the City will meet with the Guild and employee to consider potential alternative solutions. No pay changes except as defined in ARTICLE 16 - Wages.

b) Change Without Notice:

The employee is not given written notice at least 21 calendar days in advance. Pay is due as provided in Article 16.11.

c) Emergency Change:

Notification and implementation procedures are as per City of Bellingham Policy PER 7.01.01, Providing City Services During Inclement Weather and the Emergency Operation Plan (date issued) December 31, 2013. Premium pay is due per Article 16.11. All other special pays defined in ARTICLE 16 - still apply.

d) Flextime:

At the employee's request, providing there will be no adverse financial or performance cost to the City, an employee's shift may be modified. These modifications can include, but are not limited to shift start time, shift end time, and authorized break times. See Flextime Guidelines - Appendix D for additional information.

e) Alternate Work Schedule:

The workweek, shift, or schedule may be changed if the department head or designee and two thirds (2/3) of the membership of the affected work group(s) agree to the change. The alternative work schedule must work within a 40 hour FLSA week, e.g. 5/8's, 4/10's. Alternative work schedules that don't fit within the FLSA week e.g. 9/80's will not be permitted. The department head or designee must agree before the vote occurs. Only those actually working the changed workweek, shift, or schedule will be considered "affected" for the purposes of voting. All those entitled to cast a vote will be counted toward the two thirds (2/3) needed for approval of the change. If the change is initiated by

the work group, the provisions of Article 16.3a) and 16.3b) and Article 16.10 will not apply. If after a period it can be shown that there is adverse impact on cost, productivity, or customer service, management may terminate these alternative work schedules with at least one month's notice to the work force.

f) Shift Trades:

Shift workers wanting to work another's shift or partial shift may do so if the following conditions are met:

- i) The shift worker is qualified to act in this capacity;
- ii) The schedule change has the approval of the supervisor; and
- iii) There will be no additional cost to the City and meets the requirements of the FLSA.

6.3 Travel and Training Time

a) Employees will travel to and from the job sites from the regularly assigned headquarters on the City's time, in transportation furnished by the City, unless mutually agreed otherwise.

b) For out-of-town training required or approved by the Department, the City will pay for the time spent in training and for round-trip travel time before or after an 8-hour work day from the work place to the training site and back, whether a driver or a passenger.

c) The City may approve tuition reimbursement or payment for courses or tuition reimbursement that is voluntary and outside the employee's regular schedule. Ordinarily, this training is not "hours worked" for compensation purposes. Reimbursement payments may be subject to applicable taxes if the training is voluntary and for purposes of professional growth or if required by IRS rules.

6.4 Meal Breaks

The parties agree to the following provisions, which supersede WAC 296-126-092.

- a)** No employee will be required to work for more than 5 hours without a meal break, except:
- as provided in Appendix B; or when emergency conditions exist; or,
 - Library employees who work a shift that is 5 ½ hours or less will not receive a meal break; or,
 - Museum Information/Security Attendants who work a shift that is 5 ½ hours or less will not receive a meal break. When a Museum Information/Security Attendant is scheduled to work a special event that commences immediately after the regular shift and is required to work through the meal break, they will be paid at 1 ½ times the regular rate of pay for the meal break.

b) In the event an employee is required by the City to work through their meal break, they will be paid at 1½ times the regular rate of pay for the meal break, except as provided in Appendix B, Work Group Provisions.

An employee who takes the later meal break will also be paid at the rate of 1½ times the regular rate for the missed meal break, but will receive no pay whatsoever for any duty- free meal break of thirty minutes or more

c) Any employee required to continue working after the end of their regular shift for more than 4 continuous hours or called back to work for more than 4 continuous hours will be reimbursed for meal costs as provided below, unless otherwise provided with a meal. If an employee works more than 8 continuous additional hours, the employee will receive two meal costs as provided below, unless otherwise provided with meals.

Breakfast (2 a.m. – 10:00 a.m.)	\$8.00
Lunch (10:00 a.m. – 4:00 p.m.)	\$10.00
Dinner (4:00 p.m. – 2:00 a.m.)	\$10.00

In no event will the City be obligated to provide or reimburse an employee for a meal during the regular work period.

d) Employees performing work in the field of such a nature that requires special cleanup because of possible contamination where noadequate sanitary facilities exist at the job site will, for the regularly scheduled meal break, be allowed to travel to the nearest City facility designated by the field supervisor to clean up.

6.5 Rest Period

The parties agree to the following provisions, which supersede WAC 296-126-092.

a) An employee will be allowed a rest period of 15 minutes of employer's time for each 4 hours of working time, though no employee will be required to work more than 3 hours without a rest period. Rest periods will be taken as near as possible to the midpoint of the work period or as otherwise operationally feasible.

b) Normally, when an employee is required to work beyond their scheduled shift, and it is anticipated that overtime will be 2 hours or more, employees will be allowed a 15- minute paid rest period at the end of their regular shift prior to starting the overtime assignment, and a 10-minute paid rest period every 2 hours thereafter.

c) The above procedures will not in any way affect operations under emergency conditions which may necessitate missing break time completely.

d) City vehicles will not be used for transportation during the rest period unless

expressly authorized by the responsible supervisor.

e) An employee who misses a rest period will tell a supervisor. Rest periods do not accrue from one day to the next and cannot be cashed out.

6.6 SEE APPENDIX B, WORK GROUP RULES FOR POLICE AND PUBLIC WORKS PLANTS

ARTICLE 7 - SAFETY

7.1 Safety Committee

The central safety committee, which includes at least 1 Union representative, will continue to promulgate rules and safety instructions for the City.

7.2 Hazardous Conditions

If a supervisor determines a hazardous condition exists, a minimum of 2 qualified employees will be on the job site at all times.

If an employee reasonably believes a working condition to which they are exposed poses an unreasonable risk of harm to the employee or others, the employee will stop working, immediately notify a supervisor of the condition, and may report the condition to a Union representative. The Union representative may request and perform a prompt inspection of the condition, together with a representative of the City. The inspection will be performed at a time and in a manner that will minimize disruption to the City's activities. After consideration of the Union representative's recommendation, the City will then determine whether any hazard abatement or other action is required before requiring the employee to return to the condition called into question. No employee will be disciplined for reporting a hazard or requesting an inspection pursuant to this provision.

7.3 Safety Gear

Where safety gear or personal protective equipment (PPE) is required/mandated by the City, for any position covered by this agreement, it will be paid for by the City 100%, excluding safety boots, which will be paid as addressed below. Employees in positions requiring safety boots will be offered safety boots as follows: employees may select boots from a City-authorized vendor while on duty or from a non-City authorized vendor on the employee's personal time. Safety boots must meet the standards set by the City. Prior to purchasing a pair of safety boots, authorization from a supervisor is required. The maximum amount allowable paid by the City for a single pair of safety boots is \$225.

Employees who purchase safety boots from a non-City authorized vendor must submit a receipt for reimbursement. Employees on probation may receive one pair of safety boots. After probation, employees may acquire a second pair of safety boots. Safety boots may be replaced when worn out beyond their useful life. On an exceptional basis and based on the needs of a

particular position (e.g., electrician boots), a supervisor may authorize the purchase of one pair of safety boots costing up to \$450 instead of two pairs of safety boots costing up to \$225 each.

Seasonal or part time employees are limited to one pair of safety boots. On an exceptional basis where the boots are determined to be unwearable, a supervisor may authorize the purchase of another pair of safety boots costing up to \$225.

Failure to wear required safety boots on the job will be grounds to send an employee home without pay. It will be the responsibility of the employee to wear safe, appropriate personal clothing while at work. The administration will make the determination of what is mandated after considering any recommendation of the safety committee.

7.4 Safety Policies

The City and all employees will comply with WISHA regulations and City policies and rules related thereto. The City and the Union will work together to assure that such standards are met.

7.5 CDL Renewals and Required Certifications

The City will pay for all commercial driver's license endorsement and required certification renewals required by the City. The City will also pay for up to 2 hours of release time to complete any part of the required CDL or certification examination. Additional release time may be approved by a supervisor.

ARTICLE 8 - CLASSIFICATION AND JOB DESCRIPTION

8.1 Classification Plan

An employee position classification plan is to be maintained by the Human Resources Department for all positions within the jurisdiction of Local 1937. This will include a documented, written job description and/or the classification specification for each position, a copy of which will be provided to Local 1937.

8.2 Change in Classification

If an employee's job is reclassified to a position that would normally receive a lesser rate of pay, or if an employee is required to serve in a lower classification, that employee's previous rate of pay will be continued until exceeded by the new classification's pay rate.

8.3 Job Title Listing

Appendix A of this agreement will list currently budgeted job classification titles and pay ranges for positions covered by the bargaining unit. This appendix will be updated as changes occur.

8.4 New Classification

The City will notify the Union when a new classification is created. If the Union disagrees with the proposed pay rate, the Union will notify the City and negotiations will commence not later than 30 working days from the date of the notice.

8.5 Wage Placement

Provisional Placement – If a classification is revised to reflect new higher level duties or to remove significant duties which change the wage placement of the position, Human Resources shall make a provisional placement and notify the Union of such placement. If the Union disagrees with the provisional placement, the Union shall notify the City and negotiation for wage placement of the classification shall be included in the bargaining process. Provisional wage placement will remain in effect until the parties reach agreement and the agreement is implemented. If the Union does not request to negotiate the placement, the provisional placement will become permanent.

8.6 Market Study

During mid-term of a contract, a market study may be requested by the Bargaining Unit or the City if there is reason to believe that a classification or position may not be compensated at a market competitive rate. A significant issue in retention, recruitment, or significant disparity with the relevant market will constitute reason for a study. A disparity of 5% or less will not ordinarily result in any change. The result of any market study that indicates more than 5% disparity is subject to negotiations with the bargaining unit.

The City agrees to conduct a market study of Local 1937 positions, to be completed no later than June 1, 2025. The City will use the same methodology used for the E-team's market study for selecting comparable jurisdictions. The City will collaborate with Local 1937 by seeking their input regarding market study parameters including benchmark positions and comparable jurisdictions. Comparable jurisdictions may include regional public employers and Washington cites based on factors such as population, assessed value, cost of living, and location.

Market study process:

1. Meet with the Union to review and gather feedback on the draft RFP.
2. Union appoints one designated representative to the final consultant selection interview.
3. Union and City representatives meet for the kick-off meeting with the consultant.
4. Union and city meet to review and gather feedback on parameters and potential comparable jurisdictions.

8.7 Conditional Non-Competitive Promotion

a) Definition:

“Conditional promotion” means the promotion of an employee to a higher level in a non-competitive promotional classification series and placement in a higher pay grade contingent upon them obtaining required certification(s) or endorsement(s) within the established timeframe, as provided in the job description or classification specification.

b) Employee Obligations:

An employee who receives a conditional promotion is solely responsible to timely obtain the certification and provide proof of the required certification(s) to their direct supervisor or manager within the required timeframe.

c) Employee Noncompliance:

If the employee fails to comply with Section 8(7)(b), the City may immediately rescind the conditional promotion and place the employee in the lower classification level and pay grade in the series for which they are qualified. Step placement will be determined according to the Payroll/HR Procedures for Placement in Pay Grades. The City is not required to provide due process (e.g., providing advance notice to the employee, engaging in a fact finding, or conducting a hearing) prior to the demotion/change in classification level and pay grade.

ARTICLE 9 - JOB AUDIT

9.1 Request

A job audit will be conducted when there has been a substantial and permanent change in job duties and responsibilities since the last significant revision of a job description or last job audit review. The employee may request the review by submitting a written request to the Human Resources Department. Employee job audit requests shall be submitted using the appropriate form with a justification for the request that includes the following information:

a) New duties and responsibilities assigned on a continuing basis must be identified. Other inaccuracies in the job description must be specifically pointed out. If the job description does not reflect essential and significant duties, assigned on a regular and recurring basis, the employee must clearly identify those duties.

b) The reasons for believing the job may be classified incorrectly should be clearly stated.

9.2 Department Head Review

The department head or designee will review the justification submitted by the employee and complete their section of the job audit request form to ensure the information provided is

accurate and up to date. A copy of the comments will be provided to the employee. The department head will forward the job audit request form to the Human Resources Manager within thirty days of receipt from the employee.

9.3 HR Review

The Human Resources Manager or designee will review the request and make a determination if the job is accurately classified. The review may include a desk audit or discussion with the employee and the supervisor and/or department head.

9.4 HR Decision

The Human Resource Manager's decision, with an explanation for the findings, will be provided to the employee, the Union, and the department head within five months of the date the complete audit request was submitted to the Human Resources Department. If the decision supports reclassification and there is a resulting increase in pay, the pay action will be effective the date the request was received in the Human Resources Department. If the decision results in a decrease of pay, the employee will retain pay but will not receive any further increases until the incumbent's pay is within the salary range for the reclassified position.

9.5 Appeals

An employee in a position covered by Civil Service may appeal the classification decision of the Human Resources Manager to the Bellingham Civil Service Commission.

9.6 Assignment of Higher Level Duties

At any time in this process, if it is found that the employee is being assigned or performing higher level duties outside the scope of their existing classification, such duties may be withdrawn based on budgetary limitations or sound position management principles. If the decision is to continue to assign the duties to the employee, the job description or classification specification will be revised to reflect the duties and appropriate changes in the classification will be recommended to the Civil Service Commission. Any changes to classification wage placement will be implemented as described in Article 8.5.

The City agrees to meet with Local 1937 during the first quarter of 2021 to discuss opportunities for improvements.

ARTICLE 10 - WASHINGTON STATE SICK LEAVE

The City will provide paid state sick leave in accordance with the Washington State Sick Leave Law. Contract sick leave for those eligible to receive it will be accrued at 8 hours per month MINUS the state sick leave accrual for the same month period, e.g., accrual of 3 hours of state sick leave will result in 5 hours of contract sick leave; accrual of 5 hours of state sick leave will result in 3 hours of contract sick leave.

At the end of each calendar year, up to 40 hours of unused state sick leave will carry over to the following year to the employee's state sick leave bank. Any hours over 40 in the state sick leave bank will be carried over to the contract sick leave bank if the employee is entitled to contract sick leave.

ARTICLE 11 - CONTRACT SICK LEAVE

11.1 Contract Sick Leave Accrual

Full-time employees in benefited positions accrue 8 hours total of contract and state sick leave for each calendar month they are in paid status (excluding compassionate leave) for 120 hours or more, beginning with their adjusted start date. Full-time employees can accumulate a maximum of 1,040 hours of contract sick leave; any accumulated contractual sick leave hours in excess of 1,040 shall be forfeited.

Part-time employees in benefited positions will accrue contract and state sick leave, on a prorated basis, for each calendar month they are in paid status (excluding compassionate leave) and are paid for at least 60 hours for the calendar month. Maximum accumulated contract sick leave for part-time employees is prorated based on a budgeted position. Any accumulated contractual sick leave hours in excess of the maximum shall be forfeited.

11.2 Use of Contract Sick Leave

Contract sick leave may be requested and shall be approved for the following reasons:

- An employee's injury or illness.
- Medical dental, or vision appointments, including same-day appointments.
- To care for
 - a son or daughter or foster child of the employee or the employee's spouse, with a health condition that requires treatment or supervision; or

 - a child for whom the employee or the employee's spouse serves as a legal guardian or stands in as a parent who has a health condition that requires treatment or supervision.
- The employee's physical or mental incapacity to such an extent that the employee is unable to perform the duties of their position, unless released by their physician for light duty.
- Enforced quarantine in accordance with certain health regulations.

*For purposes of this article, the term "spouse" shall also include any Washington State Registered Domestic Partner.

Contract sick leave is accrued during a calendar month and may be used in the following month

after it is accrued.

11.3 Approval of Contract Sick Leave Requests

An employee will notify their department according to established department procedures at least 15 minutes prior to the start of each shift that they are unable to report for duty and the reasons for contract sick leave. Failure to do so may be cause for denial of contract sick leave pay. Disciplinary action may result from an unauthorized absence.

11.4 Medical Certification

Employees requesting approval of more than 5 days contract sick leave may be required to provide their supervisor with a qualified medical provider's statement which supports the necessity for the absence. Failure to submit such documentation, when requested, may result in disciplinary action for unauthorized absence.

11.5 Vacation or Compensatory Time Leave in Lieu of Contract Sick Leave

If an employee chooses to use vacation or compensatory time in lieu of contract sick leave, the procedures for requesting and approving contract sick leave, not vacation or compensatory time, will apply.

11.6 Contract Sick Leave Bank Cascade

Contract sick leave requested in excess of the accrued leave balance available will default in the following order and draw down available balances until the request is filled or until no paid leave time is available and will then revert to leave without pay (LWOP):

1. Vacation
2. Compensatory time
3. Leave without pay (LWOP)

11.7 Contract Sick Leave Cash Out

Contract sick leave may be cashed out on the following terms:

- With an accrual bank of 480 hours on December 15th, 25% of the contract sick leave accrued and not used between December 16th of the previous year and December 15th of the current calendar year may be cashed out at the rate in effect on December 31st of the current calendar year. The employee's contract sick leave balance will be reduced by the amount of leave cashed out.
- With an accrual bank of 720 hours on December 15th, 50% of the contract sick leave accrued and not used between December 16th of the previous year and December 15th of the current calendar year may be cashed out at the rate in effect on December 31st of the current calendar year. The employee's contract sick leave balance will be reduced

by the amount of leave cashed out.

- With an accrual bank of 960 hours on December 15th of the current calendar year, the employee may cash out six (6) contract sick leave days at the rate in effect on December 31st of the current calendar year. The employee's contract sick leave balance will be reduced by the amount of leave cashed out.
- For regular part-time and seasonal employees, the amount required in the accrual banks for each set of conditions above will be a pro rata amount, based upon regularly scheduled hours. For example, a 9-month seasonal employee's maximum accrual bank will be 720 hours (75% of 960 hours). A ½ time employee scheduled for 20 hours per week would have a maximum bank of 480 hours (50% of 960).

11.8 Contract Sick Leave Retirement Donation

Upon PERS retirement, an employee may donate up to 40 hours of unused contract sick leave to the City's Compassionate Leave Donation Program.

11.9 Contract Sick Leave Donation

- 3 days for travel within 150 miles (one way)

For the purposes of this article, immediate family will be defined as follows:

- Spouse* and son, daughter, stepson, or stepdaughter of employee;
- grandchildren of employee;
- mother, father, brother, sister of employee;
- mother, father of employee's spouse;

12.4 Emergency Absences

Occasional unexpected events may result in an employee not reporting to work on time (e.g. vehicle breakdown, serious family concerns, household breakdowns that cannot be left unattended). Employee must follow the notice procedures from Article 11.3 and call in advance of the shift unless emergency conditions make it impossible to do so.

Supervisor or designee will normally approve the absence or late reporting time and authorize use of accrued compensatory time, vacation/floating day, or permit flextime at the regular pay rate if within the same work week (e.g. work one extra hour each day for three days following a three- hour absence).

Accrued sick leave may not be used unless the employee or family member is sick.

In determining whether to approve the absence and permit compensatory or vacation pay, or authorize a flextime schedule, the supervisor may consider the emergency nature of the event and the employee's attendance record.

12.5 Jury Duty

An employee receiving a summons to jury duty will notify their supervisor as soon as possible, but no later than ten (10) working days before the jury duty report date.

The employee will receive regular salary and benefits for the term of the jury duty. If necessary, the City will adjust the employee's work schedule to regular day shift hours for the duration of the jury duty term. (Article 6.2 shall not apply.) An employee released from jury duty during regular day shift hours shall report to the supervisor at the work site for the remainder of the shift. With the approval of the supervisor, the employee may elect to take vacation leave or compensatory time for the remainder of that particular shift.

For rotating shift workers, there must be a minimum of 12 hours from the end of the jury duty term to the resumption of the pre-jury duty work schedule. Hours missed for this reason will be credited as jury duty.

In the event that jury duty occurs while an employee is on vacation leave, the vacation bank will be credited for the actual hours of jury duty.

Payments made to the employee by the Court for jury duty (with the exception of mileage) will be reimbursed to the City, payable to the City Finance Director, within ten (10) days of receipt.

12.6 Furlough Leave Reimbursement

Employees who lost pay due to mandatory leave between January – March 2021 will be credited with up to two (2) contract vacation days to be used by December 31, 2024. Unused contract vacation day(s) will not be carried over to the next calendar year or paid upon retirement or termination of employment. If unused, they will be forfeited. Employees must be employed by the City when the collective bargaining agreement is fully ratified to be eligible.

c) Market Adjustment

Effective January 1, 2025, all bargaining unit classifications will receive a market adjustment of \$1.00 per hour to each step in the salary structure, Appendix A.

Any retroactive wage payments will be calculated by using the individual employee's total gross wages less any medical opt out incentive payment and one-time bonus payments.

16.2 Step Increases

Full-time employees in continuing positions will be eligible for step increases as indicated in Appendix A on their step anniversary date according to PER 07.01.09. Other bargaining unit members will be eligible for any applicable step increase on the completion of 2080 hours. For all leaves exceeding 30 days, the step anniversary date will be adjusted relative to the duration of the absence, rounded to whole months, according to PER 07.01.09.

16.3 Overtime

Except as required by the Fair Labor Standards Act or as specified in this agreement, overtime will be paid at the rate of 1½ times the regular hourly rate of pay as specified in Appendix A for

the following reasons:

- a)** Work in excess of 8 hours per shift or in excess of the alternate shift established pursuant to the provisions of Article 6.2e)
- b)** Work performed on the first scheduled day off of the work week will be paid at the regular overtime rate. If the employee has additional days off later in the workweek, any work performed on the second scheduled day off will be paid at the rate of double time. These provisions will apply to part time employees only when they have worked at least 40 hours in a workweek prior to working on a scheduled day off. Otherwise, part time employees will receive overtime for work on scheduled days off in accordance with provisions of the FLSA.
- c)** For employees of Police Records when on a 4/10's schedule, work performed on all but the last scheduled day off (weekend) of each workweek will be paid at the regular overtime rate. Work performed on the last scheduled day off of the workweek (whether the third or fourth day off) will be paid at double time. Overtime rates will not apply when an employee voluntarily exchanges a shift with another employee as permitted by their supervisor.
- d)** For employees of Public Works Operations: As has been the custom during the annual 4/10's work schedule, except for calendar Sunday, work performed on all scheduled days off of the employee's 3 day week end will be paid at the regular overtime rate of time and one half. Work performed on calendar day Sunday of the employee's three-day weekend will be paid at double time.
- e)** In the event the City deems it necessary to assign overtime, the employee will be given reasonable notice. The City will not be obligated to provide such notice where an emergency condition exists or the employer's ability to maintain a full operation is impaired as a result of employee illness. The City will make a reasonable effort to assign overtime changes first on a voluntary basis. In the event no qualified employee volunteers for the overtime, the appropriate supervisor will make a reasonable effort to take into consideration previous commitments of the employees in making the overtime assignment.
- f)** Subject to the limits established in Article 16.8, an employee may request compensatory time off in lieu of overtime pay, or call out pay, at the rates defined in Sections (3) (4) and (5) of this article.
- g)** Employees working overtime to cover for an employee on approved compensatory time cannot earn comp time. Overtime worked to cover comp leave can only be paid at the overtime rate.

16.4 Standby Pay

Employees required by the City to serve on standby will receive \$3.50 per hour of standby pay for each hour served outside the employee's regular work schedule. Shift differential does not apply to standby pay. Standby pay may not be accrued as compensatory time and will not be included in the base rate of pay unless required by law. An employee on standby will not receive Call Out or Call In pay and instead will receive overtime for work outside of regular work hours as follows:

- When the employee is required to respond to a physical location, the employee will be paid overtime from the time of the initial telephone response to the dispatcher until completion of the work.
- Response to a telephone call or similar remote communication will be considered as incidental to standby pay, provided that it lasts 15 minutes or less. Remote communications lasting more than 15 minutes will be compensated with overtime for the length of the telephone call.
- Employees will earn double time for hours worked on an actual and/or observed date of a holiday (see Appendix E).

Standby will be assigned to eligible Regular Full Time and Seasonal employees at least 2 months in advance through voluntary sign-up and then, if needed, mandated through reverse seniority. Standby will normally be assigned in one week durations. With a supervisor's approval, standby may be traded, provided that no employee may be on standby for more than 3 consecutive weeks. The following work groups may be required to provide one employee on standby at all times:

Communications
Water - Facilities and Water standards combined
Streets
Sewer & Stormwater combined
Plants Maintenance
Facilities Maintenance

The City reserves the right to modify the work groups required to provide standby, provided that prior to assigning standby to a work group not listed above, it will notify the Union at least 90 days in advance.

While on standby, employees are required to:

- be ready and available to work in a safe and responsible manner;
- be available to respond to pages, telephone calls, texts, emails, etc. within 10 minutes; and
- be available to report onsite within Bellingham City limits within approximately 30 minutes of contact.

Employees on standby shall follow any required standby procedures, including using any assigned specialized vehicle and carrying any required equipment or electronic devices. The decision to assign a specialized vehicle is within the City's discretion. An employee on standby who responds to a call for service using a personal vehicle will be reimbursed for mileage incurred in accordance with City policy.

Except for City declared emergencies, employees on standby who are required to work more than 4 hours in duration and the work ends within 8 hours of the employee's regularly scheduled shift start time, will be granted 8 hours of uninterrupted time away from work. Employees on Standby who respond to a physical location for 3 or more incidents between 12:00 a.m. and 5:00 a.m., will be granted 8 hours of uninterrupted time away from work.

Regular shift hours missed for uninterrupted time away from work shall be paid at the employee's regular rate of pay. Uninterrupted time away from work starts immediately when the last on-site incident is completed. The maximum paid hours of uninterrupted time away from work is 8 hours within a 24-hour period.

The City reserves the right to continue its practice of requiring employees who are not on standby to remain available for work in emergency events. These employees will not receive standby pay but are eligible for Call Out and Call In pay.

16.5 Call Out and Call In

a) Call Out. "Call out" is any time an employee is asked to return to work after the completion of their regularly scheduled shift, unless called out within 2 hours prior to the commencement of their regularly scheduled shift.

Employees will receive a minimum of 4 hours at the regular pay rate for any call out that is 2.67 hours or less (4 divided by 1.5). If the call out period is longer than 2.67 hours, the time will be paid at the rate of 1½ times the regular rate of pay for the total call out period.

Right to complete shift: Employees called out prior to the beginning of their regular shift and who work continuously until the beginning of their regular shift have the right to complete their regular shift.

Call Out on Holidays: Employees called out on the actual and/or observed date of a holiday (see Appendix E) or on their last scheduled day off will receive a minimum of 4 hours at the regular pay rate for any call out that is 2.0 hours or less in duration. If the call out exceeds 2.0 hours, the employee will be paid at double time for the actual hours worked.

Uninterrupted Rest: Except in declared emergencies, when an employee's call out is more than 4 hours in duration and ends within 8 hours of the employee's regularly scheduled shift start time, the employee will be granted 8 hours of uninterrupted time away from work prior to working their next scheduled shift. The employee will be compensated at the regular rate

for any hours of the next scheduled shift that were missed because the employee went home to rest.

b) Call In - "Call-in" is any time an employee is required by the City to work outside of their regularly scheduled shift via remote communication, such as by telephone, email, or text. Employees will be paid for call in work lasting at least 15 consecutive minutes at the rate of 1 ½ times the regular rate of pay for the total call in period.

16.6 Shift Differential

Definitions:

Swing shift: any shift in which 5 or more continuous working hours fall within the hours of 4 p.m. to midnight.

Graveyard shift: any shift in which 5 or more continuous working hours fall within the hours of midnight to 8 a.m.

A shift differential of \$.85 per hour will be paid for swing shift; a differential of \$1.25 per hour will be paid for graveyard shift.

In addition to applying shift differentials to full shifts, any regularly scheduled work of at least 3 hours but less than 5 hours falling within the above defined shift hours will receive the appropriate differential for those hours worked. When an employee is required to work a split shift, any worked hours falling within the swing shift or graveyard hours as defined above will be paid the appropriate differential for those hours worked.

Shift differential does not apply to any time the overtime rate is paid, except shift differential will apply in addition to the rate of 1 ½ the regular rate of pay for all hours worked on the actual and/or observed holiday in accordance with holiday pay (Article 13.5) as appropriate.

16.7 Out of Classification Pay

When a supervisor assigns an employee to a higher classified position, the employee will be paid a 5% premium for all time actually worked in the higher classification (e.g., if an employee is scheduled out of classification for an 8-hour shift but has to leave work due to illness after 5 hours, out of classification pay is only paid on the 5 hours of worked time.)

This provision is intended to cover absences of short duration, not to exceed 6 months. Based on the operational needs, the City may extend the employee's out of classification assignment for up to 3 additional months. Situations of longer duration require a temporary promotion to a higher classification.

16.8 Acting Appointment to a Non-Bargaining Unit Position

An acting appointment to a non-bargaining unit position shall be made on the following basis:

- A. The Acting appointee will:
 - 1. Remain a bargaining unit member;
 - 2. Retain bargaining unit seniority rights; and
 - 3. Be placed in the acting appointment up to 12 months and may be extended with mutual agreement by the City, Union, and the employee.
- B. The City will:
 - 1. Provide an offer of acting appointment letter to the employee, with a copy provided to the Union, outlining the terms and conditions of employment, including the terms provided herein and any others deemed appropriate to the situation;
 - 2. Establish a rate of pay appropriate to the level of duties assigned;
 - 3. Maintain the acting appointee on the benefits plans and schedules provided in this Agreement;
 - 4. Ensure the acting appointee's regular performance appraisal will be based on their regular and acting work assignments;
 - 5. Maintain acting appointee's adjusted hire date and step increase date while in acting assignment;
 - 6. Maintain the acting appointed employee's right to revert to their previous permanent position/classification; and,
 - 7. Ensure acting assignments to a non-bargaining unit position will not constitute a break in service or loss of service credit in the bargaining unit for that period consistent with Civil Service Title 12, Chapter 01.
- C. The Union will:
 - 1. Credit the acting appointment period as continuing the acting appointee's employment in a regular bargaining unit position;
 - 2. In the event of potential corrective action to another bargaining unit employee, represent the bargaining unit employee subject to potential corrective action and not the acting appointee.
- D. By mutual agreement between the Union, the employee, and the City:
 - 1. In the event of potential discipline, the acting appointee will be afforded the right to representation according to this agreement and have full due process rights.

16.9 Compensatory Time

Accrued overtime will be paid on the next regular pay check after it has been earned, unless the employee submits a request to hold overtime on the books for use as compensatory time off and it is approved based on departmental staffing needs and when authorized by their supervisor. The maximum number of overtime hours that can be held for compensatory time is

90; any accrued hours over that amount will be paid in the manner described above.

In the event 4-hour call out pay would increase the employee's compensatory time accrual above the maximum allowed, the employee shall be cashed out for the entire 4-hour call out.

Effective January 1, 2021, employees may request pay for accrued compensatory time on July 1st of each year for payout on July 25th of each year. Requests for payouts must be for a minimum of four hours, unless the employee has less than four hours in which case all compensatory time will be paid out. Compensatory time may be used in any increment. The City will cash out all compensatory hours in excess of 24 hours on December 31st each year to be paid on the January 10th check.

An employee who is separated from employment with the City for any reason shall be paid for all accrued compensatory time.

16.10 Lead/Training Pay

- a) Lead pay will be paid to employees who are assigned by their supervisor to perform lead duties or responsibilities that are not identified as a job duty in the employee's job description or classification specification. Lead pay will be 3% of the employee's regular rate of pay, and will be paid for actual worked time spent in assigned lead activities (e.g., if an employee is scheduled as a Lead for an 8-hour shift but has to leave work due to illness after 5 hours, lead pay is only paid on the 5 hours of worked time).
- b) Training pay will be paid to employees when the following conditions are met:
 - 1. The employee is requested or directed by a supervisor to provide a minimum of one hour of training to another employee or group of employees. Preparation for training is included in training time. Training can include proficiency exercises as part of the training session. Trainers may be asked to provide feedback on a trainee's proficiency as a result of the training; and
 - 2. The training requires specialized skills by the trainer and is more than information sharing, job shadowing, or similar activities. For example, a custodial employee teaching a co-worker how to wax floors or a Finance employee showing a co-worker how to enter information into a database are not engaged in training. In contrast, a Public Works employee delivering a commercial Driver's License ("CDL") training program to employees seeking to obtain a CDL is engaged in training; and
 - 3. Training is not identified as an essential function in the employee's job description or classification specification. Training may also be referred to as "instruction" or other similar words. If a job description or classification specification states that training "may" be an essential function of the employee's job, training pay shall be paid if training is an infrequent part of that employee's job.

Providing orientation to a new or transferred employee does not constitute training. Training pay will be 3% of the employee's regular rate of pay and will be paid for training hours worked.

Employees will not receive both training and lead pay if assigned both training and lead duties.

16.11 Schedule Disruption Pay

Employees who have their shift or schedule modified under Article 6.2 6.2b) or 6.2c) will receive premium pay of 50% of base pay for the first day of the new shift or schedule. The remainder of the days will be paid at the rate they would have earned had the change not taken place.

16.12 Service Quality Step

Any employee who has 10, 15, or 20 years of service within the bargaining unit and is at the top step of the salary grade shall be raised to the Service Quality Step calculated as:

- a) A 1% step for year 10 through year 14;
- b) Effective January 1, 2023, an additional 1% step for year 15 through year 19 for a total of 2%; and
- c) An additional 1% step for year 20 and thereafter for a maximum combined total of 3%.

16.13 See Appendix B, Museum Work Group Rules for Special Events.

16.14 Matching Contribution

The City provides a matching contribution of eligible, benefited employee's regular rate of pay per Appendix A to a 457 account administered by any City approved deferred compensation vendor.

Effective January 1, 2024, the City provides up to a 1.5% matching contribution.

Effective January 1, 2025, the City provides up to a 2.0% matching contribution.

16.15 Interpreter Pay

Qualified employees will receive \$8.00 per hour in addition to what the employee would otherwise receive for time spent performing City-required interpreter or translation duties. To be eligible for the pay, the duties must be assigned by a supervisor and must require a minimum of 15 minutes to complete. To be qualified, an employee must be a native speaker, court certified translator, or City approved equivalent.

16.16 Bilingual Pay

The City will designate certain languages to be eligible for bilingual pay. Certain positions, as

determined by the Director or designee, will qualify for bilingual pay and receive an additional \$0.25 per hour above the employee's regular rate of pay for all hours worked. To be eligible for bilingual pay, the designated employee must provide direct public service or community relations within the scope of their job classification and be certified conversationally proficient by subject matter experts, from an approved program (currently Language Testing International (LTI)). If the approved program does not have a subject matter expert available for a particular language, the employee seeking bilingual pay is responsible for proposing and using alternative subject matter experts that are acceptable by the City.

The Department Director or designee will determine which languages are eligible for bilingual pay based on operational needs. If the designated languages change, the City will notify the Union of the updated list of designated languages. Employees receiving bilingual pay for a language removed from the designated languages list will stop receiving bilingual pay ten (10) business days following the City's notification to the Union.

The City will reimburse the costs of one test per calendar year if the employee shows sufficient verification of successful completion of the certification. The City will make reasonable efforts for an employee to complete the language proficiency exam during their regularly scheduled shift and based on the City's operational needs and financial impacts.

ARTICLE 17 - DISCIPLINARY ACTION

The City retains the right to discipline, suspend or discharge employees for cause. Probationary employees and employees on time limited appointments are not subject to just cause provisions and do not have access to the arbitration process in Article 18.5, STEP 4. Appeal rights are exclusively through the grievance procedure in this agreement.

ARTICLE 18 - GRIEVANCE PROCEDURE

18.1 Purpose

The purpose of this procedure is to provide an orderly method of resolving grievances. A determined effort will be made to settle such differences at the lowest possible level in the grievance procedure. Meetings or discussions involving grievances will be scheduled at mutually agreeable times.

18.2 Union Representation

An employee has a right to request and have a union representative present at any investigatory interview that the employee reasonably believes could be related to or result in disciplinary action, or disputes related to this agreement. An employee may stop any meeting in progress in order to obtain Union representation. An employee may waive the right to union representation at investigatory interviews.

- a) The employee has a right to prior consultation with the representative before an

investigatory interview.

b) The employee has a right to be informed of the subject matter of an investigation before an interview takes place.

c) It is the employee's responsibility to contact the shop steward or representative. If a shop steward or representative is available, the interview may be conducted in accordance with the requirements of 18.2. However, if none is readily available, a reasonable period up to 2 working days will be provided for scheduling the representative. In the case of a serious disciplinary issue and formal investigation, a reasonable period of up to 3 working days may be required.

The Parties agree that a union representative may be useful in resolving a non-disciplinary matter, but there is no right to union representation for a workplace conversation or other work transaction to occur, unless such interaction becomes investigatory or disciplinary during the course of the meeting.

18.3 Definitions

Grievant: A grievant is an employee or group of employees, or in the case of the Union's contractual rights, the Union.

Grievance: A dispute involving the application or interpretation of the specific terms of this agreement.

Civil Service Appeal: A dispute that may be appealed to the Civil Service Commission. These do not include disputes addressed in ARTICLE 17 (Disciplinary Action), which are subject to the provisions of ARTICLE 18 (Grievance Procedure).

Fact-finding: A necessary step for Due Process and Just Cause. This may include pre-disciplinary questions, investigatory interviews, or any opportunity to respond to allegations that could lead to discipline.

Days: Days in this procedure are calendar days.

18.4 Timeliness

Grievances will be processed in the following manner and within the stated time limits. Time limits provided in this procedure may be extended only by mutual written agreement.

Failure on the part of the City at any step in this procedure to communicate the decision on a grievance within the specific or mutually extended time limits will permit the grievant to lodge an appeal at the next step of this procedure.

Failure on the part of the grievant (employee or Union) to present or proceed with a grievance

within the specified or mutually extended time limits will render the grievance waived.

18.5 Process

Step 1: Submission to First Level Supervisor - Within 15 days of the action or event giving rise to the grievance or when the event becomes known or reasonably should have been known, the employee and/or a shop steward will present the grievance to the first level supervisor. The presentation may be oral or written, but it must be stated that it is intended to be Step 1 of a grievance. The following should be stated clearly:

- a. The specific action, event or practice that is being grieved and the dates of occurrences.
- b. Explanation of reason why the action is perceived to be in conflict with terms of the contract, including the specific article of the contract violated.
- c. The resolution sought.

The immediate supervisor will respond within 15 days of presentation of the grievance. Response may be verbal, but the supervisor will clearly indicate completion of Step 1 of the grievance.

Time limits at any step of this procedure may be extended by written agreement of the management official and the grievant.

Step 2: Presentation to Department Head - If the grievance is not resolved at Step 1, and the grievant wishes to pursue the issue further, the grievant must submit a written grievance to the department head within 15 days of the response from the first level supervisor or within 15 days of the date when such response was due. A grievance presented by the Union, representing a group of employees, must be signed by the Union president.

The written grievance must contain the information listed under Step 1. Additionally, it must state the date the grievance was presented to the first level supervisor and the date of the first level supervisor's reply. The grievant will provide a copy of the written grievance to the Union and to the Human Resources Manager.

The department head or their designee will review the grievance, meet with the parties concerned and provide a written reply to the grievant with a copy to the Union and the Human Resources Manager within 15 days of receiving the Step 2 grievance. The meeting may be waived when mutually agreed upon.

If the grievance pertains to a matter that cannot be resolved at the department head level, such as application of a City wide policy, the department head will forward the grievance to the Human Resources Manager, with a copy to the Union.

Step 3: Request for Mediation - The department head may request mediation at any point in Step 2 by submitting a request to the Human Resources Department.

If the grievance is not resolved at Step 2, the Union may submit a written request for mediation

to the Human Resources Manager within 15 days of the department head's reply or within 30 days of the submission of the grievance to the department head. If the Union and the Manager of Human Resources agree, a mediator will be jointly selected. Efforts will be made to acquire no-cost mediation services.

The Union may bypass Step 3 and proceed to arbitration by presenting a written request to the Human Resources Manager within 15 days of receipt of the decision at Step 2, or within 15 days of the completion of mediation.

Step 4: Arbitration

1. When a timely request has been made for arbitration, the parties will attempt to select an impartial arbitrator to hear and decide the particular case. If the parties are unable to agree to an arbitrator within 15 days after submission of the written request for arbitration, the provisions in paragraph (2), below, will apply to the selection of an arbitrator.
2. In the event an arbitrator is not agreed upon as provided in paragraph (1), above, the parties will jointly request the American Arbitration Association to submit a panel of nine arbitrators from Washington and/or Oregon. Once the list of arbitrators is received, the parties will, in turn, have the right to strike a name from the panel until only one name remains. The remaining person will be the arbitrator. The right to strike the first name from the panel will be determined by coin toss.
3. Arbitration proceedings will be in accordance with the following:
 - a. The arbitrator, once appointed, will inform the parties as to the procedures which will be followed.
 - b. The arbitrator will hear and accept pertinent evidence submitted by both parties and will be empowered to request, through subpoena if necessary, data and testimony the arbitrator deems pertinent to the grievance, and will render a decision in writing to both parties within 30 days, unless mutually extended, of the closing of the record.
 - c. The arbitrator will be authorized to rule and issue a decision in writing on the issue(s) presented for arbitration, which decision will be final and binding on both parties.
 - d. The arbitrator will rule only on the basis of information presented at the hearing and will refuse to receive any information after the hearing except by mutual agreement.
 - e. Each party to the proceedings may call witnesses in the order in which their testimony is to be heard. Testimony will be limited to the matters set forth in the written statement of grievance. The arguments of the parties may be

supported by oral comment and rebuttal. Either or both parties may submit written briefs within a time period mutually agreed upon. The arguments of the parties, whether oral or written, will be confined to and directed at the matters set forth in the grievance.

- f. Each party will pay any compensation and expenses relating to its own witnesses and representatives, including attorney fees.
 - g. In proceedings involving discipline and discharge, the arbitrator will specify in the award that the City or the Union, whichever is ruled against by the arbitrator, will pay the compensation of the arbitrator, including necessary expenses. In all other proceedings, the arbitrator's expenses will be borne equally by the parties.
 - h. The total cost of the stenographic record, if requested, will be paid by the party requesting it. If the other party also requests a copy, the party will pay ½ of the stenographic cost.
 - i. Unless otherwise agreed by the parties, challenges to the procedural arbitrability of a grievance will be bifurcated and resolved in a proceeding separate from and prior to arbitration on the merits of the grievance.
- 4. Binding Effect of Award** - All decisions arrived at under the provisions of this article by the representatives of the City and the Union at Steps 1, 2, 3 and 4, or by the arbitrator, will be final and binding upon both parties. However, in arriving at a decision, neither of the parties nor the arbitrator will have the authority to alter this agreement in whole or in part.
- 5. Limits of the Arbitrator** - The arbitrator cannot order the City to take action contrary to the law.
- 6. No Duty to Maintain Status Quo** - The City has no duty to maintain the status quo or to restore the status quo pending arbitration. However, if a return to the status quo is ordered by the arbitrator, the return will be carried out in accordance with the arbitrator's award.
- 7. Freedom from Reprisal** - There will be no reprisals against the grievant, or others, as a result of their participation in this process.

ARTICLE 19 - GENERAL WORKPLACE DISPUTE AND DISCRIMINATION/HARASSMENT

19.1 General Dispute

A dispute concerning an action or practice alleged to be unfair, inequitable, or which intrudes

on an employee's ability to perform their job in a non-hostile work environment, or any workplace relationship issues that affect the parties' ability to work together. The parties will review Alternative Dispute Resolution systems to more effectively resolve disputes of this nature.

19.2 Discrimination and Harassment

There will be no discrimination by the City or the Union against any employee for membership or non-membership in the Union or for past or present Union activities, race, religion, creed, color, national origin, gender, sexual orientation, age or sensory, mental or physical disability.

**** A dispute involving the application or interpretation of the specific terms of this agreement must be brought as a grievance, pursuant to ARTICLE 18 (Grievance Procedure). Complaints about discrimination that allege a violation of State or Federal law, such as race discrimination or sexual harassment, should be raised with the Human Resources Department (see PER 11.02.01) and are not addressed in this Article or Collective Bargaining Agreement.

ARTICLE 20 - SENIORITY, ACCESS TO REGISTERS, LAYOFF AND REINSTATEMENT

20.1 Seniority

Seniority will be by classification (or series if applicable).

Seniority or service credit will be earned by service credit months. For regular full time employees, a service credit month is defined as 1 calendar month in which the employee is paid for 120 hours of paid time (excluding compassionate leave). For other than full time regular employees, a service credit month is 120 hours. Service credit months cannot accrue at a rate exceeding one service credit month per calendar month. No service credit will be given for any fraction of a calendar month. Service in more than one class or position during a given service credit month will be credited to the class or position in which the employee actually served the greatest number of working hours. A Limited Term Employee does not earn service credit for seniority and is not eligible for this provision 20.5. However, if the incumbent of the Limited Term position is placed into the same classification on a regular and on-going basis, service credits for the time served in the Limited Term position will be assigned to the incumbent.

20.2 Probation for new employees

Upon appointment to or conversion to a Union position, probationary periods are as follows:

<u>Type of Appointment</u>	<u>During first</u>
Regular Full-time continuing positions	12 months
Regular Part-time continuing positions	12 months
Eight and nine month seasonal positions	2080 hours
Regular Non-Benefited positions	12 months

New employees who were previously employed by the City, who have completed their probationary period, and are re-employed in either the same position or a lower classified position in the same series within six months of separation, will not be subject to a probationary period.

20.3 Probation for placement in a different position

Bargaining unit members who apply and compete for a different position within the bargaining unit will be on probation the longer of their remaining probation period or six (6) additional months following the date of placement. For employees who are promoted, the employee may elect or the City may require that the employee return to their former position. If during the course of the probation the supervisor determines that the employee is not performing adequately in the new position, they will notify the employee in writing and furnish an explanation of the deficient performance and provide a plan for improvement.

20.4 Probation for Lateral Transfer

Bargaining unit members laterally transferred to positions within the bargaining unit to either the same classification or a lower classified position in the same series will be on probation the longer of their remaining probation period or six (6) additional months following the date of lateral transfer. During the 6-month lateral transfer probationary period, the employee may elect, or the City may require, that the employee return to their former position. Newly hired employees in their initial 12-month probationary period do not have the right to return to the former position. If, during the course of the 6-month lateral transfer probationary period, the supervisor determines that the employee is not performing adequately in the new position, they will notify the employee in writing and furnish an explanation of the deficient performance and provide a plan for improvement. For the duration of the lateral transfer probationary period, all bargaining unit rights will be retained, except the right to grieve a decision to require the employee to return to their prior position, unless just cause is shown.

20.5 Reduction in Force

In the event of a reduction in force, and after the City has determined which services and positions are to be affected by the reduction, the least senior employees in the classification eliminated will be laid off first. Effective with the ratification of the 2006 labor agreement, only seniority earned while serving in this bargaining unit may be used for displacement of members in this bargaining unit.

20.6 Reinstatement from Layoff

- a) Registers - Laid off employees will be placed on the reinstatement register for the position or class from which laid off and will be recalled to work based upon seniority, provided the recalled employee has the ability to perform the available work. The

employee's name will remain on the reinstatement register for three years. If requested in writing by the employee, an additional year's eligibility will be added. Refusal to accept appointment from a reinstatement register will terminate all rights granted under this provision.

b) Leave Benefits upon Reinstatement

- 1) Sick leave banks will be restored to the balance accrued and unused at the time the employee separated from City employment up to the maximum balance applicable per the bargaining agreement or City policy and minus any donations or cash-out requested by the employee;
- 2) Vacation and sick leave accrual rates will be restored to the level appropriate to the employee's years of service at the time when the employee was separated from City employment. The accrual rates will be according to the Collective Bargaining Agreement or City policy in effect at the time of the reinstatement;
- 3) Time away from the City will not count toward the employee's years of service or seniority;
- 4) Should the employee return to City employment under any circumstances other than recall from the reinstatement register or returns to employment in a classification other than the classification from which laid off, the employee will be considered a new employee for matters of administering leave benefits;
- 5) Once the employee's eligibility for the reinstatement register has expired the employee will be treated as a new employee for matters of administering leave benefits;
- 6) An employee returning to a position which is not otherwise eligible for leave benefits by Collective Bargaining Agreement or City policy (such as a regular non-benefited position or temporary position) will not be eligible for restoration of leave benefits;
- 7) These agreements apply only when the reason for placement on the reinstatement register was the result of a layoff.

ARTICLE 21 - UNION BUSINESS

Approval will be granted upon reasonable prior notice to the department head and provided no emergency condition exists. This will also apply to delegates elected to attend a state or national conference.

21.3 Union Representative Access to Work Place

A Local 1937 Staff Representative will be allowed reasonable access to Union members during working hours. If the Mayor and/or Human Resources Manager determine that the practice is disruptive, they will have the authority to curtail it.

The list will be treated as confidential by the Union and will be used only for official communications with members.

APPENDIX B – WORK GROUP PROVISIONS

The following are provisions specific to a specific group of employees or work group, rather than the entire bargaining unit:

POLICE DEPARTMENT

6.6 24-Hour Rotating Shifts in the Police Department

24-24-hour rotating shifts in Police Records are covered under this section.

- a) Work Week:** The regular workweek will consist of 40 hours of work in a 7-day period with all days worked and all days off being consecutive.
- b) Work Schedule:** Any change from current practice for each unit must be mutually agreed by the affected work group, per Article 6.2 and 16.11. Shifts may be included that have one day off in the middle of the work week and two consecutive days off at the end of the work week. The second of the continuous two days off will be considered the third day off for premium pay calculations.
- c) Shift Rotation Period (SRP):** A “shift rotation period” is defined as the 12-week work period for which Police Records employees bid per this agreement. Shift periods begin on the first Sunday of January, April, July, and October.
- d) Shift:** A “shift” is defined as regularly scheduled continuous working hours in a day such as “day”, “swing”, and “graveyard”.

Start times for shift purposes will be reviewed annually or as operationally necessary. Shift start times will be adjusted as operationally necessary if at least two-thirds of the affected employees agree to the change. If shift start times are adjusted, the hours for day, swing, and graveyard as specified in 16.6 will determine the rate of shift differential to be paid.

- e) Shift Differential:** Shift differential is set forth in Article 16.6.

- f) Vacation Bidding**

- i. Posting:** The vacation bid will be posted immediately following the completion of the shift bid process and completed no later than December 31 of the year preceding the vacation period being bid.
 - ii. Seniority:** Vacation selection will be made on the basis of seniority determined by length of service within the Classification.
- Limitation:** The maximum number of Records employees allowed off on

vacation at any time will be three except the maximum number of employees allowed off will be two during the months of January, March, August, and September.

Procedure Vacation Bidding:

1. The vacation bid will be conducted in rounds. Employees will have two consecutive scheduled working days to make a vacation selection during each round.
2. For the purpose of vacation bidding, the calendar bid week is defined as Sunday to Saturday.
3. Employees will select two, one-week vacations or one two-week vacation and then pass on to the next employee for bid.
4. When all employees have made their first round selection, the process will begin again for a second round selection, with each employee repeating the same process.
5. Five individual days (only one able to be bid on a recognized City holiday) may be bid during the third round, or in the second round if an employee does not intend to bid in the third round.
6. In order of seniority, employees with enough vacation accrued to bid after the third round has been completed may bid any available balance in a fourth and final round.

Procedure for Requesting Secondary Vacation:

1. An employee may exchange a shift with another employee that does not result in overtime pay liability.
2. The City will consider on a first come, first served basis when an employee requests a secondary or unbid vacation without exchanging shifts.

- iii. **Absences during Vacation Bid Process:** In the event an employee will be absent during the vacation bidding process, the employee must notify a Records Supervisor of their absence prior to the bidding process.

The employee will provide a Records Supervisor a listing of the employee's choice of vacation blocks being bid, or make arrangements to provide bid choices within the two consecutive scheduled working when s/he would bid. If the employee does not provide a Supervisor with such a list, nor makes arrangements to bid within the two working days, the Records Manager will determine how the bidding process will be completed.

g) Shift Bidding

- **Posting:** A Records Supervisor will post the shift rotation period SRP/Shift bidding document for Records employees who rotate shifts for the coming year no earlier than October 1 and no later than October 15 of the current year.
- **Eligibility:** Records rotators who have been released to work independently are eligible to participate in the shift bid procedure.
 - Records rotators who have not yet completed their probationary period and who are still in active training will not be permitted to participate in the bid process for the following calendar year and will be assigned to a vacant shift once released from training until the next bid occurs. Probationary records rotators in training will be provided with a schedule at least 21 days in advance and the start and end times will be assigned according to training and operational needs. Any modifications to their shift or schedule under Article 6.2 (b) or 6.2 (c) shall be eligible for schedule disruption pay per Article 16.11.
 - Records rotators who have not yet completed their probationary period but who have been released to work independently will be permitted to participate in the bid process for the following calendar year.
 - If a re-bid occurs mid-year to fill a vacant shift, probationary employees who have been released to work independently will be permitted to participate, including those who were not permitted to participate in the primary shift bid if they have been released to independent work in the interim period.
- **Seniority:** Records employees who rotate shifts will bid shifts in order of Seniority within the roster of rotating employees in Records.

Procedure:

1. Each employee will have three consecutive scheduled workdays to bid their SRP/Shifts for the entire year, at the end of which they will pass the bid document to the next senior employee for bid.
 2. The bid document will remain posted in the Records Bureau until the bidding process is completed. It may not be taken home.
- **Absences during SRP/Shift Bidding:** In the event an employee will be absent during the bidding process, the employee is responsible for notifying a Records Supervisor prior to the start of the bidding process. The employee will provide a Records Supervisor a listing of the employee's choice of Shift and days off for each Shift Rotation Period being bid.

If no notice is received nor arrangements made and the employee is passed in the SRP/Shift bid process, the Records Manager will determine how the bidding process will be completed.

- **Two Shift Bid Limit and Shift Transfer/Trade Requests:** Employees may not bid the same shift three consecutive times, however, shift transfer/trade requests will be considered. The employee must submit transfer/trade requests to the Records Supervisor in writing after the bidding process has concluded. Supervisors will consider shift transfer requests on a “first come, first served” basis. Transfer/trade requests will not count towards the three consecutive shift times.
- **Records Rotators–Shift Vacancies – 30 or more days’ notice:** If after evaluating staffing needs, a vacant shift is determined by management to be available for bidding, Records Supervisors will issue a notification of a re-bid to the work group 30 days or more before the starting date of a new shift rotation period. Only those less senior than the vacated employee’s shift are eligible to re-bid. The re-bid will be conducted based on seniority and shift bidding criteria specified in Section C For each subsequent vacancy, the same process will apply.

A senior employee can request a transfer to a vacant shift, but only after less senior employees are given the opportunity to bid the vacated shift.

- **Records Rotators –Shift Vacancies – less than 30 days’ notice:** If a shift becomes vacant less than 30 days prior to the starting date of a new shift rotation and management determines a need for the shift to be filled, management will first solicit volunteers to fill the shift. Volunteers will be considered in order of seniority, provided that a volunteer will not be selected if that selection results in a coverage gap.
- **Records Rotators – Shift Vacancies – vacancies that cannot be filled through rebid or volunteer:** If, after conducting a rebid or soliciting volunteers, a vacant shift is not filled and management determines it must be filled to meet business needs, the shift will be filled in accordance with Article 6.2. This selection will be made by management based on the following considerations:
 - Employee preference
 - Seniority
 - Best shift coverage with the available staff resources

h) Staff Meetings – Hours worked to attend scheduled staff meetings are considered regular scheduled overtime and are not subject to call out pay or schedule disruption pay.

i) Holiday Pay –Employees receive eight (8) hours of pay at the employee’s regular hourly rate for each City holiday as outlined in Article 13.2. If an employee works on the holiday, they will receive holiday premium pay at the rate of one and one-half times the regular rate of pay for all hours worked per Article 13.5 in addition to the eight hours of holiday pay. If an employee is regularly scheduled to work on a holiday and takes the day off, they must utilize leave time for the same number of hours as their regularly scheduled shift, which will be paid out in addition to the eight hours of holiday.

j) Ensuring Continuous Operations – At least one Records Specialist must be on shift 24 hours a day, 7 days per week. “Ensuring Continuous Operations” refers to unplanned or emergent circumstances when staffing falls below this. In the event of an incident of Ensuring continuous Operations, coverage will be obtained in the following order:

- i. Overtime to eligible specialists on the voluntary overtime list;
The voluntary overtime list will be processed as outlined in section (k) below to find a specialist willing to take the hours.
- ii. If a volunteer is not found within three days of the need for overtime, or for overtime needs with less than three days’ notice, or for gaps of four hours or less, the overtime assignment will follow the process as outlined below.
 - a. Overtime to specialists on-duty and/or on-coming shift;
 - b. Overtime to specialists on designated days off;
 - c. Overtime to specialists on vacation and self-designated for overtime;
 - d. Overtime to specialists on secondary vacations;

Employees will be contacted in order until coverage is obtained. Overtime is mandatory unless the employee is ill or travelling outside of Whatcom County. Overtime assigned in these situations will not affect placement on the voluntary overtime list.

In all circumstances wherein more than one employee is eligible for mandation in each section, the employee who has least recently worked at least two hours of overtime shall be mandated first. If there are two employees who last worked overtime on the same date and time, the least senior employee will be mandated. Employees will not be mandated if the overtime would provide less than 8 hours of rest time in a 24-hour period. The 24-hour period will begin at the start of their shift.

k) Voluntary Overtime Process

- i. All gaps known 3 or more days in advance of the need that would cause the workgroup to be staffed below minimum numbers will be posted as voluntary overtime first.
 - ii. All known voluntary overtime will be offered in sequential order to the first person on the voluntary list and continuing down the list until each voluntary opening is filled or the voluntary list is exhausted. If there are ten or more voluntary overtime opportunities on the list, each specialist may sign up for up to 2 voluntary opportunities per round. If there are fewer than ten opportunities, each specialist may sign up for 1 voluntary opportunity per round.
 - iii. Accepting or passing on a voluntary overtime opportunity moves the employee to the bottom of the voluntary list.
 - iv. Specialists may voluntarily accept as much overtime in a 24-hour period as they would like. Should the employer observe employee poor work performance due to work-related fatigue or if employee wellbeing becomes a concern, Supervisor(s) are encouraged to fill the overtime gap with the next available specialist from the overtime list.
- **Unavailability:** Each specialist will be given no more than 24 hours to respond to voluntary overtime opportunities. If a specialist is on days off or on vacation when their name comes up on the voluntary overtime list, they will be marked unavailable, and their name will remain in its position on the list and the voluntary overtime list will move to the next specialist. Specialists who will be on days off or on vacation, may notify the supervisor of their voluntary overtime preferences, which will be assigned to them if their name comes up on the voluntary list.

For the purposes of this section: Specialists eligible for voluntary or mandatory overtime must be fully trained and released to work independently.

Short gaps (1-4 hours) can be assigned by the Supervisor outside of the voluntary overtime list.

l) Compensatory Time Procedure

- i) Requests to use accrued compensatory time off should be made in writing to the Supervisors and will be acted upon within two business days, unless not reasonably possible.
- ii) Requests made at least 48 hours prior to the requested time off will be approved unless it is deemed any of the following apply:
 - iv) The request, if approved, would result in more than one rotating specialist being off during the same work hours, or the request, if approved, would result in falling below minimum staffing, unless the employee finds a voluntary replacement.

m) Meal Breaks and Rest Periods:

The following provisions will apply for 24-hour rotating police records employees-

- a) Due to the 24 operational hours of the Records Bureau, it is required for the Records employees to remain onsite or available to be recalled to duty within five minutes for the

entirety of their assigned shift, including during periods of any overtime. When taking a meal break or rest period employees are subject to being recalled to duty. For these reasons meal breaks in addition to rest periods, are paid time. The paid time is considered regular working hours for the purposes of this section.

- b) Employees will not be required to work more than 5 hours without a meal break. Meal breaks will last up to 30 minutes in duration. If recalled to duty during a meal break, the remainder of the meal break will resume once the reason for recall to duty has concluded.
 - For example, a meal break is taken at 12:00pm, recall to duty occurs at 12:15, the situation is resolved at 12:35, the meal break resumes and will end at 12:50.
- c) For every 4 hours worked an employee will be allowed a rest period of 15-minutes. If recalled to duty during a rest period, the remainder of the rest period may be resumed once the reason for recall to duty has concluded.
- d) If either voluntary or mandatory overtime occurs and the overtime will be two-hours or more, an additional 15-minute rest period will be available to the employee prior to the start of the overtime assignment, and 10-minute rest period will be available every 2 hours thereafter.
- e) Rest periods cannot be combined into one single duration.
- f) Employees may not leave the Police Records Bureau area if there is not appropriate coverage, in which case meal breaks or rest periods shall be taken in the Records Bureau area. For the purposes of this section, appropriate coverage means at least one additional fully trained rotating records employee is available for duty and not on a meal break or rest period.
 - While on graveyard shift: If in the event there is a work-related duty that requires the employee to leave the assigned area without appropriate coverage, for more than 5 minutes in duration, the Records employee must notify What-Comm Dispatch and forward the teletype. The employee will provide signage to inform potential patrons of anticipated return time.
 - If an employee needs to leave the Police Records Bureau area without appropriate coverage, for any reason lasting up to 5 minutes or less in duration, they do not need to notify What-Comm Dispatch. The Records employee will provide signage to inform potential patrons of anticipated return time.

The employee shall use accrued compensatory or vacation time to make the short 36 hour work weeks whole 40 hour work weeks.

c) Change in Work Week, Schedule or Shift

Vacation requests submitted after January 15th will be granted on a first come first

served basis unless more than one request for the same time is submitted on the same day, in which case, seniority will govern. Vacation requests may be submitted any day, but will only be considered to be received on City Hall work days. Other non-bid vacation requests must be submitted a minimum of 15 calendar days early to provide for planned shift/schedule change notification of the relief operator.

e) Overtime and Premium Pay Situations Affecting Plant Operators -

The following are situations that are particular to the plant operators' rotating shifts with changing days off.

- (1) Overtime - Work performed on regularly scheduled days off, will be paid at the rate of one and a half (1 1/2) times the hourly rate of pay as specified in Appendix A. Overtime will not apply when an employee voluntarily exchanges a shift with another employee as permitted by their supervisor.
- (2) Pay For Holiday Worked - Operators who work on actual and/or observed date of a holiday, will be paid at the rate of one and a half (1 1/2) times the regular rate of pay for all hours worked, in addition to earning 8 hours at the hourly rate of pay as specified in Appendix A for the holiday. Holidays start at beginning of dayshift (0600).
- (3) Call Out - Operators will be paid in accordance with the provision of Article 16.5, except that callout will be paid at the rate of one and half (1 1/2) times the hourly rate of pay as specified in Appendix A, except the actual and/or observed date of a holiday, will be paid at the rate of double time for the actual hours worked.
- (4) Shift Differential - Operators working the entire day shift (0600 - 1800) receive no shift differential. Operators working the entire night shift (1800 - 0600) will receive the Graveyard Shift Differential amount per hour set forth in Article 16.6 for all hours worked. Operators working any hours other than these designated shifts will receive the Graveyard Shift Differential amount per hours set forth in Article 16.6 for any hours worked between 1800 and 0600. Shift differential on actual and observed holidays shall be paid in accordance with Article 16.6.

MUSEUM EMPLOYEES

15.14 Special Events Scheduling, Changes, Cancellations (Whatcom Museum of History and Art – Security and Information Attendants Only)

“Special event” is defined as an evening event scheduled at the Museum that results in the attendant working beyond their regularly scheduled shift. Attendants voluntarily accept these extra hours (these are not “assigned” hours).

Notice and Scheduling: City will make a good faith attempt to give at least 3 days notice of an addition/change/cancellation of a scheduled special event, by meeting announcements, distribution of rental agreements, or by email. The Union understands that unavoidable circumstances may occur which may preclude this from happening.

When a special evening event is announced, hours will be offered to regular attendants on a voluntary basis. Substitute attendants or management staff will fill in for hours not voluntarily taken by regular attendants.

Late Changes/Cancellations of Special Events: In the event that a special event is changed or cancelled and an attendant has already volunteered for the hours, the following conditions will apply:

If an attendant is working a special event that is not scheduled to commence immediately upon the end of their regularly scheduled shift, and is notified of a cancellation or date change of an event less than 2 hours prior to the scheduled arrival time of the attendant, 2 hours compensation will be due the attendant.

If the special event is due to commence immediately upon the end of the attendant’s regular shift, and notification of a cancellation or date change is less than 2 hours prior to the regular shift starting time, 2 hours compensation will be due the attendant.

If the Museum makes a good faith effort to call the attendant to notify them of the change or cancellation and is not able to reach the attendant through no fault of the Museum (i.e. no answer at the phone number on file, no answering machine, message left but no call back, etc.) the attendant will not be eligible for compensation under this clause.

If the Museum has not made a good faith effort to notify the attendant of the cancellation, and upon arrival at the Museum the attendant finds the event has been cancelled or changed, the attendant will be paid for the actual number of hours for which they were scheduled.

Both City and Union agree that language in Article 16.10 (Schedule Disruption Pay) and/or the language in Article 16.5 (Call Out) does not apply to the special events circumstances described herein.

Both City and Union understand that any hours paid as compensation for short notice cancellations of events are not “hours worked”. Therefore, the hours paid as described above will not apply toward hours worked for overtime calculations or any other benefit based upon “hours worked”.

APPENDIX D – FLEX TIME

Flex Time Guidelines

Article 6.2 (d) of the agreement between the City of Bellingham, and Local 1937 allows employees to flex their shifts provided there will be no adverse financial or performance cost to the City. At the employee's request, the employee's shift may be modified. The modifications may include, but are not limited to shift start time, shift end time, and authorized break times. An optional form is located on Staff Central to facilitate the process: Supervisors may choose whether to use this form or use any reasonable alternative, as long as the application of the flex-time requirements are consistent.

The City has an interest in ensuring the letter and spirit of the bargaining unit agreement is followed and flex-time requests are not denied without giving a reason as outlined above. The Union has an interest in getting the benefit of the negotiated agreement and consistent administration of the provision. To ensure consistent administration the City and Local 1937 have agreed to these guidelines:

Scope

This procedure covers all employees who are members of the Local 1937 bargaining unit.

Procedures for Making Request

The employee will:

- Make requests in advance except in extenuating circumstances the employee could not anticipate. (Flex-time is not intended to prevent the loss of wages due to employee tardiness except in emergency situations.)
- Complete the flex-time form or follow the supervisor's request procedure and submit it to the direct supervisor or designee.

Approving and Denying Requests

The direct supervisor or designee:

- Will make request forms or an alternative available.
- Will approve flex-time requests unless there is an adverse financial or performance cost to the City.
- Will provide an explanation for a denial and be consistent in approving and denying flex-time requests in similar situations. Performance cost may include consideration of other work group staff schedules.
- May deny a request when made after the employee has already unilaterally altered the schedule. (Lack of advance notice removes the ability of management to arrange adequate staffing and to evaluate the financial and performance costs of the schedule alteration.)
- May, in the event of an emergency, approve an absence, late reporting time or skipped meal period and may authorize the use of flextime at the regular pay rate regarding emergency absences. In such cases, the supervisor or designee may consider the emergency nature

of the event and the employee's attendance record before approving or denying the request.

- The City is committed to a safe and healthy workplace. Rest breaks provide an essential ergonomic and mental rest from the stresses of work. Start and end times for rest breaks may be altered. However, the employee may not combine rest breaks with meal periods, to leave early or to report late to work.

Recording Time Worked

- The manager will keep the approved Flex-Time Request or other approved documentation. This documents the employee's agreement that s/he waives the right to any premium pay, shift differential, overtime, etc. that was triggered by the change of schedule. The employee cannot waive the right to overtime pay for hours worked beyond 40 in a workweek.
- When the employee flexes time within a workweek but across pay periods, regular full - time employees will not normally see any difference in pay for the two pay periods involved. The employee should not report leave without pay (LWOP) unless unable to make up the time and no applicable accrued leaves are available to cover the absence. Note: This situation does not technically qualify under the flex-time provision of the agreement. The monthly pay of those employed as part-time, as extra labor, or as seasonal employees will vary according to the hours reported in each of the pay periods.
