

Alabama and Woburn Streets Curb and Signal Modifications

Project Overview: ES-0469

To improve the right-hand turning movement from westbound Alabama St. onto northbound Woburn St., this project will modify the curb radius on the NE corner on Alabama and Woburn Streets. This will involve modifying the existing stormwater system, relocating the existing traffic signal and light pole, installing new traffic loops, crosswalks, and channelization.

Update - December 2013

Accomplishments: Substantial Completion was achieved on 12/19/13.

Next Milestones: Project close out.
