

James Street Fire Flow

Project Overview: EW-0172 & EW-0183 Phases 1 & 2

Additional fire flow capacity is needed for this service area, as identified in the adopted Water Comprehensive Plan. New water main will be constructed along James Street between Bakerview and Kellogg Roads and 500' east on King Mountain Road, King, Frances and Gooding Avenues. The new water main will be tied to the Kearney Reservoir on King Mountain to improve water quality.

Update - July 2011

Accomplishments: Final inspection held June 9, 2011. Project substantially complete.

Next Milestones: Complete punch list and closeout.

Affected Neighborhoods

King Mountain
Mt. Baker
Meridian
