|----------------------|---|
| CLASS TITLE | Park Technician - Grounds |
| DEPARTMENT | Parks And Recreation\Operations Division |
| UNION: | 1937 |
| SG: | 10 |
| CS: | Yes |
| FLSA: | Y |
| EEO/SOC CODE: | SC/37-3011 |

NATURE OF WORK:

Performs a variety of skilled technical duties and physical labor associated with maintenance, improvements and construction of Park grounds including trails, trail structures and features and irrigation and drainage systems, and other public facilities. Maintains records as required by City policy, state and local laws. Assists Park Specialist and works collaboratively with other teams within the Parks Operations division and staff from other City departments to meet program goals and objectives. This position may be assigned to work in any Grounds program area within the Parks Operations Grounds division, including Turf/Irrigation, Horticulture, and Trails. Provides Specialist with input on designs and how to best implement plans. Operates independently using experience and good judgement to carry out work plans and tasks to meet goals within established parameters. The specific duties, equipment and tools will vary depending on which of the program areas the Technician is assigned.

DISTINGUISHING CHARACTERISTICS:

The Park Technician – Grounds is distinguished from other Park Technicians by its focus on general park grounds maintenance and assignments in broader park groundskeeping. The Park Technician – Grounds works across multiple park program areas and infrastructure, utilizing experience and knowledge to implement approved work plans, and coordinate daily activities to maintain park landscapes and infrastructure.

The Park Technician – Grounds is distinguished from the Park Specialist – Grounds in that it operates primarily in a hands-on capacity, supporting the program by implementing the Park Specialist’s approved work plan. The Specialist operates in a broader capacity which includes planning, scheduling and monitoring program area work.

SUPERVISORY RELATIONSHIPS:

Reports to a Parks Manager or Supervisor. Receives direction and guidance from assigned Park Specialist. Work is performed under general supervision and the guidance of applicable federal, state and local statues, regulations, policies and contractual agreements. Park Technicians may serve as a lead worker for lower classified staff as assigned, providing training, day-to-day direction and technical guidance. Maintains close working relationships with Park Operations staff and other City Departments.

ESSENTIAL FUNCTIONS:

1. Provides support in assigned program area to meet program goals by providing input on designs, work plan implementation, maintenance and construction practices, renovation and schedules.
2. Manages and adjusts daily work schedule of assigned activities to meet demands, usage, ground conditions and availability of equipment. Coordinates with the work activities of others.
3. Inspects and monitors assigned areas for safety concerns and maintenance needs.
4. Leads the work of Park Workers and seasonal employees as assigned. Provides training, day-to-day direction and technical guidance. Provides feedback on performance to supervisor.
5. Operates heavy equipment such as dump trucks, flatbeds, backhoes, tractors, loaders, trucks with trailers and other specialized excavating equipment for a variety of tasks including excavations exposing underground utilities such as gas, water, electrical and fiber optic.
6. Operates a wide variety of equipment such as brush mowers, compressors and attachments, chainsaws, blowers, trimmers, mowers, as well as other power equipment and hand tools.
7. Assists the Specialist in maintaining the inventory of assets by documentation and mapping. Works to establish, monitor and document Park Land Boundaries and documents encroachments and invasive weed locations.
8. Works from plans, maps and drawings using a variety of tools such as laser levels to build and reconstruct areas of trails, turf features, drainage, irrigation and horticulture installation.
9. Trouble shoots, repairs, maintains, and installs irrigation and drainage systems including work on piping, valves, wiring and programming of automatic controllers.
10. Works independently or with a crew to perform horticulture tasks such as pruning, weeding, mulching, planting layout, and planting.
11. Works in the street tree program pruning, planting and removing trees. Involves traffic control, use of aerial lifts and working in the street environment.
12. Constructs trails and trail structures including sub grades, surfacing, drainage, bridges, handrails, fencing bollards, elevated walks, steps, retaining walls, signage and re-vegetation.
13. Implements regularly scheduled maintenance activities such as mowing, seeding, aerification, top dressing, fertilization, pruning, planting, debris removal, ditching, trailside maintenance and other maintenance tasks.
14. Applies pesticides in accordance with City, state and federal regulations under the direction of the Park Specialist.

ADDITIONAL WORK PERFORMED:

1. Performs other related work within the scope of the classification.
