Oregon State University

Website: <http://oregonstate.edu/dept/ldplants/>
Great photos and information about native and non-native plants.

Pollinators Pathway

Website: <http://www.pollinatorpathway.com/>
The Pollinators Pathway is a mile-long stretch of planting strips along Columbia St. in Seattle that is being transformed into a native plant corridor. These planting strips connect Seattle University and Nora’s Woods and focus on attracting our native pollinators. The website highlights the pollinators, plants and the project.

Washington Native Plant Society

Website: http://www.wnps.org/about_wnps/aboutus.htm
