INFILL HOUSING APPLICATION WORKSHEETS AND INSTRUCTIONS

(PLEASE PRINT CLEARLY OR TYPE IN BLUE OR BLACK INK)

Use this packet to apply for BMC 20.28 Infill Housing. The review regulations and procedures are contained in Bellingham Municipal Code Chapters 20.25 Design Review, 20.28 Infill Housing and 21.10 Procedures and Administration.

Criteria

BMC 20.28 Infill Housing contains specific development and design standards and design guidelines for each housing type. These provisions are in addition to general regulations contained in the Land Use Development Ordinance. For example, additional design standards may apply if the project is located in a design district or if it contains multifamily dwellings. If the provisions of BMC 20.28 conflict with any other provision in BMC Titles 18 Subdivision, 20 Land Use and Development, or 21 Administration of Development Regulations, the provisions of BMC 20.28 apply.

Each project shall be required to comply with criteria set forth in the applicable “**Design Standards.**” The “**Design Guidelines**” following the **Standards** suggest ways to achieve the design intent. Applicants may request minor modifications to the general parameters and design standards in BMC 20.28. The Planning Director or Hearing Examiner may modify the requirements if all of the following criteria are met:

1. The site is constrained due to unusual shape, topography, easements or sensitive areas.
2. The modification is consistent with the purpose of this chapter.
3. The modification will not result in a development that is less compatible with neighborhood land uses.

Review Process

All housing forms are reviewed under a Type II process. The process steps are shown on the attached diagrams.

All Infill Housing decisions are issued by the Planning and Community Development Director. The Director may forward a proposal to the Design Review Board to conduct a review and make a recommendation to the Director.

Before You Apply:

Pre-application conference:

- A pre-application conference is required for Type II project applications unless a written waiver is granted by the Planning Director. There is a sign-up fee. See the Pre-Application Meeting Information and Application form for details.
- Applicants are strongly encouraged to discuss the project concept with Planning staff early in the project planning process.

Pre-application neighborhood meeting for some Type II project applications:

The applicant is required to conduct a neighborhood meeting for projects that are Type II and are either:

- In a Residential zone and have over 1000 square feet of new gross floor area; or
- In any other zone and have over 5000 square feet of new gross floor area.

See the Neighborhood Meeting Instructions form for details on conducting the meeting.

Transportation certificate of consistency.

A transportation certificate of consistency is required, if applicable for the project type.

Application:

A complete application consists of the completed application form, the materials listed on the attached submittal checklists and worksheets, and payment of the application fee.

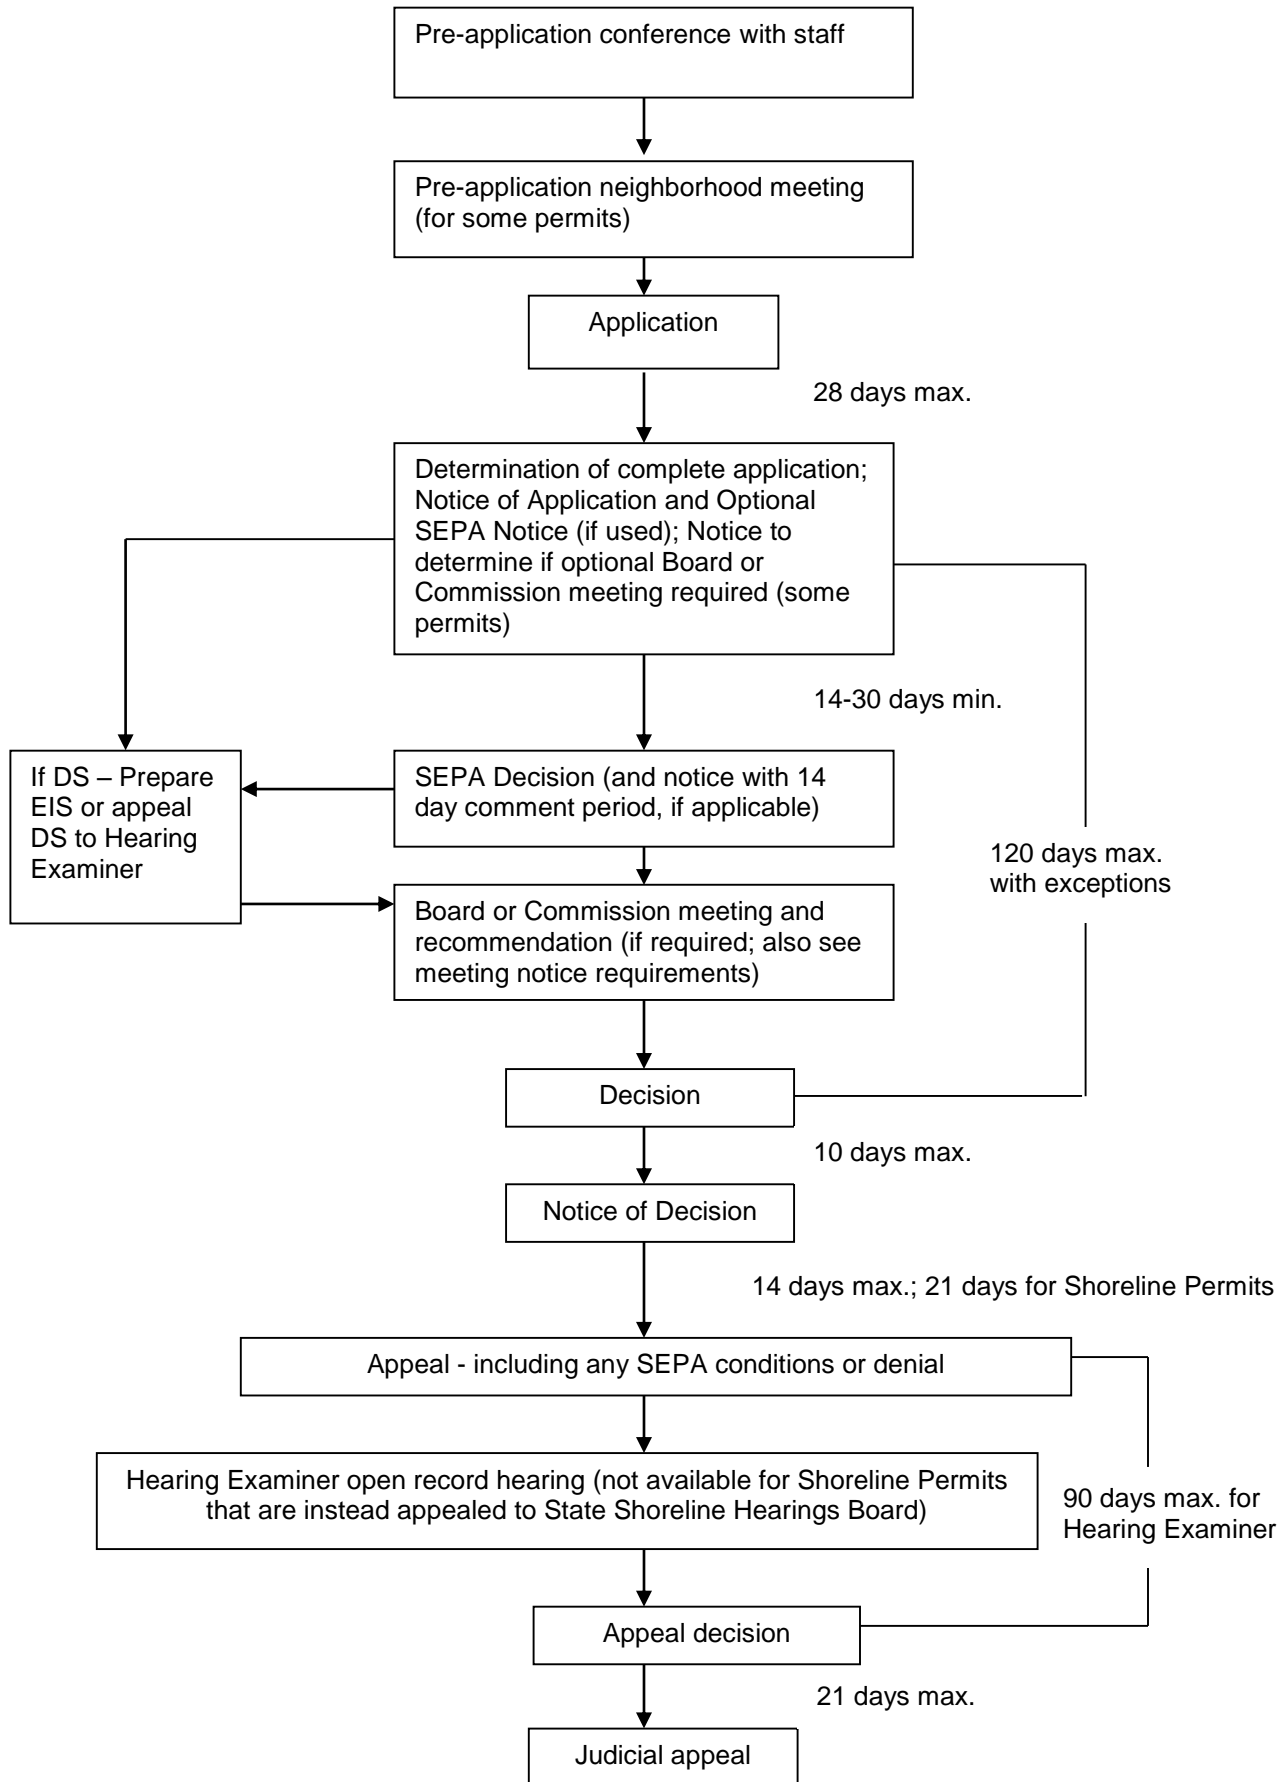

Multiple Permits: Additional land use applications may be required depending on the project size and housing type(s) proposed. All Type II land use applications must be processed concurrently with Infill Housing unless the Planning and Community Development Director approves separate processing.

You may request to consolidate additional permit applications for the project. Consolidated applications are reviewed under the highest numbered process. For example, if a project requires a permit with a Type II process and a permit with a Type III process, both permit decisions would be consolidated under the Type III process. (See BMC Section 21.10.060, Optional Consolidated Process.)

When an Infill Housing project additionally requires design review in accordance with BMC 20.28.030 A, a Design Review application must accompany the Infill Housing application. However, the only plans submitted should be that for the Infill Housing application, and include any information applicable to design review on those plans.

Appeals: The Director's decision on an Infill Housing application is final unless an appeal is filed within 14 days of the notice of decision. Appeals are decided by the Hearing Examiner.

TYPE II PROCESS
(Administrative Decisions)

INFILL HOUSING APPLICATION CHECKLIST

(PLEASE TYPE OR PRINT CLEARLY IN BLUE OR BLACK INK)

An Infill Housing Worksheet is required for all Infill Housing types. The following materials must be submitted in order to have a complete application. **Planning staff will help you determine which of these requirements are applicable. See instructions in this packet.**

RETURN THIS CHECKLIST WITH THE APPLICATION

Applicant to Check if Submitted

- Pre-application conference or waiver
- Pre-application neighborhood meeting or waiver (if required)
- Transportation certificate of consistency (if required)
- Land Use Application
- Filing fee (Applicable fee as calculated by Planning staff. See separate Fee Schedule.)
- Mailing list and labels (Complete the attached Names and Mailing Addresses of Surrounding Property Owners for property within 500 feet.)
- Environmental checklist (SEPA) (if required)
- Infill Housing Application Worksheet(s)
- Legal description of the property (attach separate page if lengthy): _____

- Associated land use permit applications. (Consult with Planning staff to determine if other land use permits are required. All Type II applications must be submitted concurrently.)
- Site plan (see attached Site Plan Checklist)
- Photos of the site context showing the subject site and adjacent buildings, including the block face and the block face across the street
- Other required information: _____

NOTE: After staff review of the application, additional materials may be required to fully illustrate the building and design features proposed.

**CITY OF BELLINGHAM PLANNING & COMMUNITY DEVELOPMENT DEPARTMENT
SITE PLAN REQUIREMENTS CHECKLIST**

Provide a site plan containing the following information. Provide the information under each heading that applies to your project.

The Planning & Community Development Department may require additional information when necessary to evaluate the proposal.

- Scale shall be standard architectural or engineering. The scale must allow clear depiction of all required information, typically between 1" = 10' and 1" = 20'.
- Submit one (1) full set of scaled plans folded to 8.5" x 11" size, and two (2) 11" x 17" reduction illustrating the following:**

New buildings and additions:

- Vicinity map
- Site plan (see attached Site Plan Checklist)
- Building elevations drawn at 1/8" = 1' or comparable scale showing all facades with shadowing to show modulation of wall and roof. Include design details such as door and window treatments, awnings, artwork, exterior lighting, building materials, type of window glazing, mechanical equipment screening methods, colors, etc. Dimension building height and floor to floor heights. Clearly identify new work and existing features to be retained.
- Contextual street elevation showing the proposed building in relation to adjacent buildings
- Perspective drawings, color renderings or other three-dimensional representations to adequately illustrate the proposal. Models and/or material and color boards may be included.
- Dimensioned floor plans with uses labeled; include parking garage layout
- Signs

Existing Site Conditions

- All lot lines and site boundary dimensions.
- Location, dimensions, gross floor area, floor plans and use of existing structures. Indicate all structures to be demolished.
- Distances between structures and property lines.
- Location and design of all paving.
- Walkways and bicycle paths.

New Development

- Proposed lot lines.
- Existing and proposed easements and maintenance agreements for any shared access among lots.
- Proposed legal documents for maintenance of any common areas if condo or fee simple.
- Location, dimensions, and use of proposed buildings and structures. Include decks, patios, fences and signs.
- Distances between proposed buildings, parking areas and property lines.
- Scaled floor plan (1/4"=1' or 1/8"=1') of existing and proposed buildings.
- Existing and proposed elevation contours at intervals of not greater than 5 feet. Provide 2-foot contours when requested by the Planning & Community Development Department.
- Location, height, top elevation, width and design of existing and proposed retaining walls and rockeries. Cross sections may be required.
- Location, dimension and number of parking spaces (including accessible spaces), bicycle parking, drop-off areas and driveway access.
- Proposed and existing pedestrian walkways and surfacing.

- All significant man-made or natural features (ponds, woodlands, streams, etc.)
- Proposed storm water detention and treatment features (swales, ponds, vaults, etc.) Size, location and type of facilities on this preliminary plan shall be consistent with City, State and Federal requirements for storm water management.

(Note: The preliminary plan shall be designed or reviewed by a Civil Engineer registered with the State of Washington for conformance with regulations. The City may ask for information to corroborate the preliminary design. Any regulatory deficiencies in the proposed storm water plan are wholly the responsibility of the proponent and/or the engineer. You may be required to apply for amendments to land use and design permits if there are changes in the final storm water facilities that affect the site design.)

- All existing street and alley rights of way abutting the site. Include street name, width of right of way and location of existing improvements such as sidewalk, curb, medians, bus stops, overhead utility lines, street trees, street lights and street improvement width. Note any proposed changes to the street design.
- Location, dimensions, and design of proposed lanes.
- Location of existing and proposed utilities within the site such as sewer, water, gas and electricity.
- Location of existing fire hydrants.
- Proposed garbage/recycling collection areas, including design and dimensions.
- Location and type of proposed exterior lighting.
- Location of proposed signs.
- Land uses, lot lines and approximate location of structures and pavement on abutting properties.
- Landscaping Plan.** Include the following:
 - scale
 - abutting street right of way to the curb
 - rockeries, retaining walls, fences, arbors and trellises
 - surface storm water facilities
 - buildings and paving
 - topographic contours
 - wetlands, ponds, streams and proposed buffers
 - existing vegetation to be retained
 - general location and type of proposed trees, shrubs and ground cover

Environmentally Sensitive Areas on or Adjacent to the Site

- Areas of flood hazard (FEMA floodplain or floodway).
- Wetlands on site and within 100 feet of the project boundary.
- Streams, ponds or lakes on site and within 200 feet of the project boundary.
- Marine shoreline within 200 feet of the project site.
- Proposed wetland and water body setbacks and buffers.
- Conservation easements or other development restrictions affecting the site.
- Steep slopes

MAILING LIST INSTRUCTIONS

Applicants are responsible for providing an accurate mailing list and typed mailing label forms using information from the Whatcom County Assessor's Office. Errors in mailing labels may result in process delays and re-notice fees.

How to Obtain Property Ownership Information from the Whatcom County Assessor's Office

Go to the Whatcom County Assessor's Office on the first floor of the Whatcom County Courthouse, 311 Grand Avenue, Bellingham, 360-676-6790. Business hours are 8:30 AM to 4:30 PM Monday through Friday. Bring enough information to identify all of the property in the project site, such as tax parcel numbers, legal descriptions, address(es) or boundary on a plat map.

Assessor's Office staff can help you find the Assessor's map(s) containing the project parcel(s). Measure the required ownership notice distance on the map from the boundary of the project parcel(s). The required distance (commonly 500 feet) is specified on the application form.

Copy the parcel number for each parcel within or partially within the notice distance onto the mailing list form. If the owner of the project property owns other property within the notice distance but not included in the project site, contact the Planning Division to determine whether the notice radius must be increased.

Look up the name and mailing address of the owner of each parcel number and record it on the mailing list form. This can be done from the computer data base using the terminals at the Assessor's Office or you can access the same data base through the Internet. The data base is located at www.whatcomcounty.us/assessor/index.jsp under "Real Property Search." Click on the parcel number in the first data screen to bring up a screen with the owner's full address and zip code. The maps are also available at this site if you wish to check a parcel number.

If the site is a condominium, include the owner of each unit.

Mailing List Label Format

Type addresses on Avery 5160 labels or in Avery 5160 label format, or type on label grid format provided by the Permit Center. Include owner, applicant and contact for the proposal. Include the Mayor's Neighborhood Advisory Commission member(s) and neighborhood association(s) as described below.

The names must be typed in the format shown below, with one address per grid.

Format: Owner's Name
 Owner's mailing address
 City, State Zip Code

Do not repeat names on the mailing list. If someone is listed as owning more than one property, only list the owner's name and address once on the mailing list.

Do not list the tax parcel number on the labels.

Adding Neighborhood Representatives and Associations

The following addresses must be added to the mailing list:

For the neighborhood in which the project is located and any neighborhood within the required notice distance (usually 500 feet) from the boundary of the project site:

1. The Mayor’s Neighborhood Advisory Commission member for the neighborhood; and
2. Any neighborhood association registered with the Planning and Community Development Department.

Contact Planning Division staff at the Permit Center, Bellingham City Hall, 210 Lottie Street (360-778-8300) to determine which neighborhood representatives and associations must be added to your mailing list and obtain addresses. Add the addresses to the label format for your permit application.

The following neighborhoods are within the required notice radius (check all that apply):

- Alabama Hill
- Barkley
- Birchwood
- City Center
- Columbia
- Cordata
- Cornwall Park
- Edgemoor
- Fairhaven
- Happy Valley
- Irongate
- King Mountain
- Lettered Streets
- Meridian
- Puget
- Roosevelt
- Samish
- Sehome
- Silver Beach
- South
- South Hill
- Sunnyland
- Whatcom Falls
- WWU
- York
- Urban Village: _____

Application file number/address: _____

Checked by staff: _____

NAMES AND MAILING ADDRESSES OF SURROUNDING PROPERTY OWNERS.

Following are the names and mailing addresses of all property owners having property within 500 feet of the exterior boundary of the subject property. Said names are as recorded in the Whatcom County Assessor's Office and as appear in the authentic tax records of this County. (Attach extra pages if needed.) Also provide mailing labels for each address listed, per the attached mailing list label instructions.
