Notice is hereby given that the Planning and Community Development Department (PCDD) has received applications for planned development, design review and critical areas and a SEPA checklist for the following project:

Project Description: A new residential multi-family project on a vacant 11-acre parcel generally north of Consolidation Avenue between Puget and Nevada Streets in the Puget Neighborhood. The submitted proposal consists of 106, 3-bed units in 3 separate buildings. Two of the buildings will be 2 ½ stories (and contain 20 units in each building) and one building will be 5 ½ stories (and contain 66 units). The proposal includes a total of 249 vehicle parking spaces and 54 bicycle parking spaces. Onsite open space is located in the southwest corner of the site, near the Consolidation Avenue entrance. Consolidation Avenue will be constructed from Nevada Street to a distance necessary to access the proposal's two driveways.

Approximately 50% of the site will be cleared for the development and the remainder of the site is proposed to be retained in its current forested condition. The proposal does not include impacts to the onsite wetlands; however, it does propose to impact the buffer of one onsite wetland. Mitigation for this impact is proposed onsite.

Land use applications submitted for the CityView proposal include planned development, design review, environmental checklist (SEPA) and critical areas.

Project Location: 4413 Consolidation Avenue/Area 17, Puget Neighborhood; Residential-Multi, Planned with a 5,000 sf per unit overall density.
