TERMS OF USE

1	Mechanics' Vehicle Permits (MVPs) must be renewed annually through Parking Services. The rate for 2017 is \$250.00 per permit.	5	The Applicant must be licensed and registered to perform plumbing, electrical, construction, refrigeration, repair or a similar trade within the City limits.
2	The permit is valid only while the vehicle is being used to provide ready access to tools and equipment; it cannot be used for employee parking adjacent to work sites.	6	The permit is not valid for parking in special zones, such as bus, loading or disabled zones, or where road closures are in effect.
3	Each vehicle must have a decal or lettering of a permanent nature identifying the person, firm or corporation, prominently affixed to some portion of the exterior of the vehicle. Permits are transferable only between vehicles bearing the same logo.	7	Permits may be used in alleys and at metered spaces only for the time required to complete the work. The permit allows tradespersons to park without paying for meter time only while engaging in his/her trade.
4	The permit must be hung from the vehicle's rear view mirror and the work site log clearly displayed on the vehicle dash at all times. Failure to display the permit and a current work site log may result in a citation. A completed work site log is required for each permit and is to be returned to Parking Services at the end of each calendar year.	8	Failure to conform to the provisions above may result in revocation of all permits issued and forfeiture of any fees paid. Other fines may be assessed, including a misdemeanor charge and a fine not to exceed \$500.
		9	Safeguard this asset. If lost, you will be charged the full \$250 fee for a new permit. No replacement pass or refunds will be issued.

I have reviewed the Terms of Use and agree to abide by the rules as explained to me.
